Hearing Set For Today Postponed

Lull In Battle To "Fire" Engineer Until Monday

Something of a court atmosphere prevailed in City Council meeting on Monday night, when the prosecution (board of works committee) in the case of City Council vs. Paul G. Walker (accused), requested what was virtually a remand of the case from this afternoon, when a "full and impartial hearing" was to have been given the engineer in view of the board of works committee's recommendation that Mr. Walker be released from his duties. The hearing was later set for Monday at 10 p.m. in the committee of the whole.

FAVOR STRIKE BY 31-2 VOTE

Employees of O.K. Valley Freight Lines, Ltd., favor strike action in their dispute with the company over wage increases and other benefits. Vote was 31-2 in a government-supervised ballot held over the weekend.

Involved are drivers and warehousemen in the Okanagan valley and Vancouver, affiliated with the Canadian Brotherhood of Railway Employees. No strike date has been set, pending possible further negotiations, but if this is not forthcoming a union committee will set the date.

Firm Doesn't Want Sidewalk

Sidewalk Policy Again Debated

Plans to construct sidewalks on Martin street in the one hundred block received a setback in council meeting Monday, with the request of the Grand Forks Garage Co., Ltd., that, in view of the small usage to be anticipated, the project be abandoned as "impracticable and too costly to us and the city."

OTHER BLOCKS

Mayor Oscar Matson declared that, in his opinion, there were other blocks in the city needing sidewalks more urgently than the Martin street block. Alderman F. C. Christian, long an advocate of a go ahead, plan it and do it policy, for sidewalk construction, in the overall interests of the majority and of orderly development, regardless of the protests of individuals, argued that there were times when council had to go ahead regardless, "otherwise we're going to get higgly-piggly development. The block in question is in a business area and its development is logical and in the public interest," Alderman Christian said.

RAIN AND SUNSHINE

Table with 2 columns: Date, Rain (ins.), Sunshine (hrs.). Rows for June 23, 24, 25, 26, 27, 28, 29.

ELsie COMING FOR BIG SHOW

Elsie is coming to Penticton in this case, Elsie being the most famous member of the bovine world. Makers of Borden's Milk have announced they will place a \$35,000 display at Queen's Park in connection with the Peach Festival and industrial exhibition.

NO MINUTES

No minutes were taken, Mr. Walker was informed. Alderman Titchmarsh commented acidly that Mr. Walker had the privilege of attending the meeting of the committee. "He was present and knows what happened at the Wednesday meeting. Mr. Walker was also given the privilege of being present at the Friday meeting in committee of the whole along with his counsel and a representative of the professional engineers' society," Alderman (Continued on Page 3)

Locations For Fuel Storage Plants

Approval of these applications sanctions establishment of bulk storage fuel plants, one to be located at what is the new north entrance to the city and the other immediately west of Rigsby street, in the same block in which an area has been set aside for school purposes on the south side of Power street, almost opposite the Memorial arena.

City Is Trying To Attract Industry

In discussion, Monday, when John Litvenko appeared to hear council's decision, Alderman F. C. Christian said there was no objection to the service station it was proposed to build on the subdivision, but to bulk storage. Alderman E. A. Titchmarsh pointed out that the city was trying to attract industry and, referring to the spur track application, he said, "the property is excellent for industry."

Statement By Planners' Spokesman

Comprising the town planning commission are Mr. Hodge, chairman; Bruce Howard, Ivor Hodge, Evans, Lougheed, Mrs. Jean Auty, Jack Dalrymple, representing the school board; P. F. Erout; Alex McNicholl, parks board; and Alderman H. M. Geddes represents the City Council. Subsequently Mr. Hodge issued the following statement.

Full Agenda For July 1 Holiday

Why go away on Dominion Day tomorrow? Penticton has a full agenda of special entertainment — the ball tournament, the horseshow, in the evening, the night of Theatre by Starlight in addition to the benches and usual entertainment. Our dominion's 87th birthday, dating back to 1807.

Approves Locations Of Bulk Fuel Storage Plants

Council Goes Against Town Planners And Also Master Plan

Recommendations of town planning experts and of the Penticton town planning commission were brushed aside by City Council, Monday, in approving the Litvenko application for subdivision of several acres of land at the junction of Eckhardt and Westminster avenues and also of a CPR application for permission to construct a spur track across Rigsby street.

Locations For Fuel Storage Plants

Approval of these applications sanctions establishment of bulk storage fuel plants, one to be located at what is the new north entrance to the city and the other immediately west of Rigsby street, in the same block in which an area has been set aside for school purposes on the south side of Power street, almost opposite the Memorial arena. Town planners base their objections to both proposed plant locations on the grounds that the areas are residential zones and although both may eventually be rezoned for light industry, this does not include provision for bulk gasoline storage plants. The planners also consider the location of such a plant at the entrance to the city will destroy

ULCERS ACQUIRED through association with the hectic struggles of the V's to attain the pinnacle of Canadian hockey, possession of the Allan Cup, were forgotten Wednesday evening as team manager, George Cady, colorful as the V's themselves, stepped forward to receive a token of appreciation from the players. Dick Warwick does the honors (left) and passes over an engraved cigarette case and grips Cady's hand as over 2,000 spectators sent up a heart warming ovation. The occasion was the civic reception for the team, given at the arena, when the city presented gold watches to members of the club.

Irrigation Survey Findings Reported To Growers

Lack Of Water Storage In Event Of Drought Here

Under the present system of storage, Penticton would probably experience a water shortage in case of drought, Ralph Gayfer, who has undertaken a survey of the irrigation and domestic water needs, told members of Penticton local, BCFGA, Monday night.

Watch Pocket But No Watch Money Like Manna Instead

Money sometimes turns up in the most unexpected places and under most unusual circumstances. A wiry, elderly man faced an intoxication charge in police court, Tuesday. "I had \$29 before this drinking started," he explained, "now I'm down to \$4." "I'll have to fine you \$10 or impose a jail term," said Magistrate G. A. McLelland. "But all I want to do is get to the coast and find a job," pleaded the accused. "Maybe we could arrange to take him down," hinted police. "Why don't you fellows tuck away a little emergency fund before you get drunk?" asked the magistrate. "Just a moment now," replied the man, digging into his watch pocket and produced one small bill, then another and another which, added to the \$4, came to just a little better than the fine.

Spikes Rumor Gunderson To Run Here

Local MLA Not Stepping Down

Frank Richter, MLA for the Similkameen, has no intention of resigning his seat in the provincial legislature to make way for Einar M. Gunderson, finance minister in B.C.'s first Social Credit government. "I'll drop in my tracks first," Mr. Richter told The Herald, when asked if there was any foundation to the rumor that, owing to ill-health, he would resign his seat. In favor of Mr. Gunderson.

THE LARGEST KNOWN ASTEROID

The largest known asteroid, Caros, is 480 miles in diameter.

Trinidad Land Of Enchantment And Cheap Rum, Say Trinidadian Students

Large, class prejudice is a far greater aggravation and intermarriage is slowly but surely bringing about emergence of a new stock. But English is the standard language. Still a Crown colony, a gradual change to self-government is taking place. A British governor presides over the legislative council consisting of 18 representatives elected by the people and eight appointed by the governor.

LABOR UNDERPAID

Agriculture is the island's economic mainstay but industry is moving in, accelerated since the war. Labor is poorly paid, sugar cane workers, mostly East Indians, making between \$1.50 and \$2.00 daily. Almost all work on the plantations is let out by contract to the natives rather than on an hourly or daily basis. Largest sugar factory in the British Empire and producer of cocoa, coffee, coconuts and citrus fruits, Trinidad is also a heavy oil exporter with most of the precious fluid drawn from beneath the ocean floor. Famous pitch lake is main reason why the island has splendid asphalt roads for motor car travel, with mostly English cars because of sterling exchange. An American Chevrolet, for example, costs in the neighborhood of \$5,000. Due to its strategic location as a jumping off spot between the north and south American continents, one of the world's greatest airports is located just outside the principal city, Port au Spain. In the field of sports, cricket is the first and foremost game followed closely by soccer. Americans introduced baseball and softball during the last war but these sports have not caught on. They play their own brand of hockey, called grass hockey, with 11 players to a team consisting of a goalie, five forwards, three halves and two backs. Water polo is also popular. The students are looking for big things from two of their countrymen who will take part in the British Empire Games at Vancouver. The two athletes are Mike Astorlin, a 100-yard sprinter and Rodney Wilkes, weight lifter. VARIOUS ENTERTAINMENT But it is in the field of entertainment that the islanders really shine. Races and carnivals are the big thing. Races usually start rolling about 11 p.m. and con-

Funds For P.A.
System At Park

Urgent need of a public address system at Gyro Park was emphasized by James Griffin and Ray D. Wharton, who, on Monday, appeared before City Council on behalf of the Penticton City Band to request that \$476 of parks board funds be released for purchase of a P.A. system.

There is a great need for such a system. Mr. Griffin told council, "it is almost a must."

It was suggested that the parks board had a surplus as a result of the hockey playoffs and that the money could be drawn from this source. Mr. Griffin pointed out that the band had participated in the playoffs and he recalls the playing of the "Big Bad Wolf" which had required extra music writing and extra hand practice.

Council gave a sympathetic hearing and advised the delegation that it would be meeting with the parks board on Wednesday (tonight) to discuss a list of proposed projects to be financed out of the hockey playoff surplus; the P.A. system was included in the list.

Satisfied, the bandmen retired, with Mr. Wharton reminding council that "anytime the band is needed we'll be on the job."

Velocity of light is about 186,000 miles per second, so it will travel 5,880,000,000 miles in a year. That distance is one light year.

Road, Flume Work
At Forks Now City's
Responsibility

City equipment will be available this week to relay irrigation pipe and complete the road widening at the forks on Main street, south, which was started earlier this spring.

This was reported to City Council on Monday. The pipe had been laid half way across the street at this point by the Provincial Department of Highways.

The pipe would be required to be relaid at a proper depth; resulting in additional cost to the irrigation department. Alderman Titchmarsh advised council that the provincial government had contributed \$500 toward moving the flume and installing the pipe and that this amount had now been used. Further work was the responsibility of the council.

Local Credit Union
Wins Major Award

Penticton District Credit Union, member of the B.C. Credit Union League, won second highest award at the league's recently concluded convention at Trail.

The award is given for best attendance at an annual meeting. There are close to 300 members here.

Sumnerland won the highest achievement award.

T. T. Swanson, delegate from Penticton, received the award on behalf of the local unit.

Known as "the poor man's bank" members place their money in the league and it is loaned back to them.

Kinnard Re-Elected
Head Of Okanagan
Federated Shippers

K. W. Kinnard of Vernon was again chosen president of Okanagan Federated Shippers Association at a meeting of the directors which followed the annual general meeting of the association Friday, at Kelowna. Don Sutherland, of Kelowna, was elected to replace Frank McDonald, of Penticton. The other directors, re-elected at Friday's meeting, are P. S. Sterling, of Vernon, George Clarke and M. J. dePuyffer, of Kelowna, J. R. Jordan, Penticton and A. E. Hill, of Oliver. L. R. Stephens was again appointed secretary-manager.

The personnel of the association and industry committees remains unchanged.

The chairmen of various committees reported to the meeting. One of the most important reports was given on behalf of the industry labor negotiating committee, in which the meeting was advised of the decision of the arbitration board which recently dealt with the dispute between the fruit and vegetable workers unions and the packers.

A. K. Loyd and J. B. Lander, of B.C. Tree Fruits Ltd., reported on market trends and conditions.

Noisest corner in the world is Sixth Avenue and 34th Street in New York City.

Fredericton, capital of New Brunswick, was originally known as St. Anne's Point.

WALLY MUTCH
TAKES OVER
ROTARY CLUB

Wally Mutch was officially installed as the new president of the Rotary Club of Penticton at a pleasant banquet held on the "Sicamous" on Monday evening, succeeding H. A. Nicholson.

He was presented with his gavel by Dr. W. H. White, who re-

WALLY MUTCH

ferred to his long-standing and able record of service on behalf of the club.

Also commended for the past year's work was Mr. Nicholson, presented with his past president's pin by A. D. C. Washington.

A toast to Rotary by R. F. "Cappy" Raikes, responded to by Ken Henderson, and a toast to the ladies by Col. E. S. Doughty, responded to by Mrs. A. R. Eagles, rounded out the program, after which the members and their guests enjoyed a dance.

VOTE OF THANKS

Vote of praise and sincere thanks to the negotiating committee for work done and satisfactory results achieved on behalf of growers, was unanimously passed at Monday night's meeting of Penticton local BCFGA.

It resulted from an arbitration board's findings that there be no increase in wages this year for fruit and vegetable workers.

Tired and aching feet can be helped by giving them a daily bath, with alternate hot and cold plunges, careful drying and a dusting with foot powder.

Food, Floaters For Transients

Three transients were given a jail dinner at the request of Magistrate G. A. McLelland who said "he did not like to see them start out hungry," then granted 12 hours to get out of town or face 15 days in jail, when they appeared in police court Monday morning. They were charged with trespassing on CPR property.

Two of the men admitted they were caught in a box car, but declared their only intention was to "get out of the rain." Circumstances surrounding the third were somewhat different. "I had some cooking utensils and food," he told court, "and was on my way to the river for water with which to prepare a meal."

"I don't quite see that a man should be arrested if he is merely walking across the property," Magistrate McLelland observed, "if a fellow cut through my backyard I would think nothing of it if he kept moving."

CPR police officials declared, however, that crossing tracks could result in serious injury or death and the question of blame would then arise.

"There is no doubt I was trespassing," admitted the accused, and sentence followed.

JR. HIGH SCHOOL SCHOLARSHIP
AND AWARD WINNERS NAMED

Junior high school council awards, scholarship and honors list and other awards have been announced following completion of the 1953-54 school term. Complete list and names of students are given below:

SCHOLARSHIP AWARDS

Grade 9—Hugh Cleland (Hon. mention—Marcia Rowland, Steve Zibin, Glenda MacInnes, Allan Offenberger). Grade 8—Pamela Holmes. Grade 7—Lanny Bent and Ruth Ure (Tied).

CITIZENSHIP CRESTS

Grade 9—Bernice Hoyer. (Hon. mention to Steve Zibin). Grade 8—Mencia Semadeni. Grade 7—Irene Burch. (Hon. mention to Sonja Nymman).

ATHLETIC AWARDS

Boys — (1) Paul Stoochhoff, track, softball, basketball; (2) Don Robb, track, basketball, soccer; (3) Martin Kopas, soccer, baseball, track, tumbling.

Girls — (1) Gerry Anderson, basketball, track, softball; (2) Esther Snyder, basketball, track, softball; (3) Irene Burch, basketball, track.

SCHOLARSHIP HONORS

JUNIOR HIGH SCHOOL

Grade 9—Hugh Cleland, Margaret Hansen, Hope Hartley, Bernice Hoyer, Alice Kanayama, Glenda MacInnes, Donna MacKenzie, Wendy Newitt, Lillian Odamura, Allan Offenberger, Penny Pearson, Arlene Potter, Patricia Prince, Marcia Rowland, Paul Stoochhoff, Sigrid Ann Thors, Helen Volkman, Steve Zibin.

Grade 8 — Bernice Anderson, Pat Armstrong, Ethelwyn Bassani, Marilyn Fairhurst, Jean Gawne, Errol Gay, Wendy Grove, Elvira Hedin, Iris Hill, Pamela Holmes, Theresa Kluck, Lillian Lynch, Ingrid McLaughlin, Lois Parsons, Maureen Pritchard, John Sallis, Mencia Semadeni, Patrick Shilton, Verna Spaurel, Ethel Sunderman, Marlene Wheelodon, Merilyn Whitome, Robert Volkman.

Grade 7 — Corinne Bennett, Larry Bent, Irene Burch, George Hackett, Jo Ann Hill, Leslie Hunter, Grace Kingdom, Dave McMurray, Peggy Newton, Sonja Nymman, Robert Parnley, Audrey Pilkington, Claire Power, Joyce Stanforth, Gilberta Semadeni, Margaret Sobchuk, Ruth Ure, John Zibin.

P.T.A. AWARDS

JUNIOR HIGH SCHOOL

Grade 9—Steve Zibin, Arlene Potter, Bernice Hoyer, (Hon. mention), Robert Beckett, Hugh Cleland, Lillian Odamura. Grade 8—Maureen Pritchard. Grade 7—Gilberta Semadeni, Home Economics Awards—Sigrid Ann Thors and Margaret Anderson (Tied).

Poundkeeper Joins
Union: Appointed
SPCA Inspector

City Poundkeeper T. E. Swann will join the Civic Employees' Union and pay his dues. "Seems I've got to be a union member whether I like it or not," Mr. Swann told council on Monday.

Problem of classifying the poundkeeper within the framework of the union and Mr. Swann's outspoken objections to joining the union led the union negotiating committee to propose an annual contract between the city and the poundkeeper. This proposal was shelved when Mr. Swann, in view of the fact that it would cost him far more to stay out of the union than to join, agreed to sign up.

Mr. Swann also secured council's consent to his assuming the duties of SPCA inspector. His duties as poundkeeper and SPCA inspector, it was recognized, dovetailed into each other.

ROBIN HOOD BIKE CONTEST WINNER!

Miss Carolyn Hughes, 250 Windsor Ave., is shown here with the Armstrong, England's leading 3 speed bicycle she won on the Robin Hood Bike Contest Show, Saturday, June 26.

Miss Hughes answered the question asked on the show correctly, and included a box top from a Robin Hood Chocolate Cake Mix.

"The Robin Hood Contest is easy to enter, and every boy and girl has a chance to win. Every week, a simple question is asked on the Robin Hood Show. The question for this Saturday is 'When is Dominion Day?' Contestants are asked to send in their answer, with their name and address, along with a guarantee certificate or box-top from any Robin Hood product. Send entries to: The Robin Hood Bicycle Contest, care of CKOK, Penticton. Every week, a shiny new English bicycle will be given away to a lucky boy or girl with the correct answer."

You'll have no trouble getting guarantee certificates and box-tops to enter as often as you wish. That's because these quality products, Robin Hood Flour and Robin Hood Cake Mixes are Canada's biggest sellers by far.

The Robin Hood Show is heard weekly on Saturday morning at 9:30 a.m., CKOK.

Not just great gasoline...
you get all threeYOUR
B.C. COMPANYHOME
OILLEADS
THE
WAY!

1 HOME ETHYL GASOLINE

Your British Columbia Company has kept pace with every new development in gasoline refining. Home Ethyl gasoline is produced by modern catalytic cracking methods from the highest grade Alberta crude oils. It contains the additives Ethylene Dibromide and Ethylene Dichloride, which vaporize harmful elements formed in the combustion chamber, ejecting them through the exhaust system. Spark plugs and combustion chamber stay cleaner. Your engine delivers all the power in the gasoline. And, today, Home Ethyl Gasoline has a higher octane rating than ever before. Buy a tankful from your Home Oil Dealer. *Prove it yourself, when you buy Home, you can buy no better.*

2 HOME EXEL 10-30 MOTOR OIL

Home's new Exel 10-30 is British Columbia's finest motor oil... specially developed for modern high compression engines. Here is an all-weather, high detergent oil that produces a measurable improvement in mileage through increased engine efficiency. With Exel 10-30 your engine starts quicker, warms up faster, stays cleaner... a tough film of oil protects each moving part against sludge, varnish and corrosion... fights engine wear, prolongs engine life. Fleet users of new Exel 10-30 are reporting gasoline savings up to 1 gallon in 7. We invite you to try this new miracle oil in your own car. We feel certain its performance will more than justify its slight additional cost. *See your friendly Home Dealer.*

3 HOME FRIENDLY SERVICE

At Home Stations you get a special kind of service, service that is personalized, friendly, complete. Your Home Oil Dealer does more than you expect... and does it better. Your car runs better, lasts longer and costs less to operate. In addition your Home Oil Dealer is up to the minute in equipment and facilities. He has many extra conveniences and services to offer. Home-matic Credit Card, ensuring speedier service, accurate records. Road maps and specific information about B.C. travel, hard to get elsewhere. And his restrooms are truly Home-Clean! At Home Oil stations you save money... get full enjoyment wherever you drive. *You'll like doing business at Home.*

not just one...
you get all three

Good News For All Of Us

Vancouver has decided to go back into business.

Last week's vote, it might be thought, is of interest only to the coast metropolitan area. But the fact that its citizens determined to have a six-day shopping, rather than two full shopping holidays a week, has wide repercussions.

For eleven years now, Vancouver has been turning its back on thousands upon thousands of dollars. Why should the rest of us worry? Such was the question, put in a shrug-shoulder way, by many throughout B.C. The visitors to Vancouver who kept their money in their pockets at the mid-week presumably had something more to spend if and when they came elsewhere. This was the short-sighted argument often brought forward. Yet the fact that such a large centre could persist in such a policy, in face of the fact that many another even larger city on the continent was carrying store hours actually into the evenings, the fact that Vancouver could proclaim such an attitude was bound to have its political effect on all other places in the province. Now, it is to be hoped, there will be a realization that another announcement is being made, that Vancouver — the chief wealth-winning sector of B.C. — is going to try and win as much outside revenue as possible. Whatever new wealth it gets in this way, most importantly from the multitudes of tra-

vellers who pass through it weekly, will spill over to the rest of the province.

So what happened at Vancouver last week, make no mistake about it, is good news for all of us.

There were complexities aplenty in the recent voting at the coast. Store clerks were dubious that the five-day work week could be enforced, thanks to the surprisingly pessimistic comments of some labor leaders, assorted M.L.A.'s, and other worthies, who have frequently endorsed much less enforceable measures and who, as would-be law makers should have much more respect for law enforcement. The continuance of the five-day week for employees, moreover, worked just in reverse for some employers and store owners, who saw in the six-day resumption a heavy extra employee cost.

But out of all the confusion, some realism has emerged. Despite all the rant and rot about labor rights being taken away, in the back of most people's minds is the realization that only one thing protects labor. It isn't any code of rules and regulations, important as the latter is. It is the profitable business that alone pays the wages. And any metropolitan centre that decided, on two days of every week, to send all its retail employees home to their hammocks, had apparently forgotten the facts of life.

Getting Mixed Up

As we understand it, the town planning commission in conjunction with professional consultants is finalizing a master plan for the community. This, when completed, and if endorsed by the civic authorities, will presumably find its way into some form of by-law regulation, and it seems a sensible development in a city which has certainly struggled with every variation of hodge-podge complexity up until the present moment.

It is also our understanding that certain features of the forthcoming master plan have already been indicated. This being so, it would seem wise for council to be very hesitant about departing from the program that is to be recommended. Yet an action of council at its most recent meeting rather concerns us. On a sub-division decision in what we can describe as virgin territory, it departed from what the projected master plan is known to recommend.

We'd like to make one thing clear. We may disagree with what council does, but we recognize its members as an elective body, and we concede them the right and indeed the duty to over-ride non-elective and advisory bodies when the council feels impelled to do so. This matter to which we refer may be a case in point. And yet there is something else to be said.

Surely if it is worthwhile to have an advisory commission and to spend quite sizable sums of money to get professional counsel, then it seems to follow that the advice so sought should be given very sympathetic support. Or conversely, if the advice is to be set to one side, then the strongest reasons should be adduced, or, alternately, the council should be frank about it and acknowledge that what it is saying, in effect, is that it attaches no great value to the advice it is getting.

For Greater Union

Now that all the funds have been tabulated, we offer most hearty congratulations to the Penticton and District United Appeal.

The organization's first effort has been successful, resulting in a greater income for each of the participating units than in the past.

Hence, with a saving of time and energy which would otherwise have been spent on a variety of projects, there has been the gratifying disclosure that there has been no loss whatever, but an actual gain in funds. It has therefore been a gain, all round. A good deal less success,

in the organization's first year, could still have been greeted enthusiastically.

We cannot help but offer the hope that, in another year, other agencies that seek the public's help will join in the united project.

The Red Cross is one group that has remained outside this circle. Estimable as it is, and deserving of sympathetic consideration in its work, we have not yet been greatly impressed by the arguments brought forward to justify it in placing itself in a class apart, and we think that continuance in such a stand will only weaken the support it seeks.

The Low Point

It isn't often that the Herald finds itself ruminating about what listeners to dance bands, juke boxes, and the radio describe as the hit parade. But one current number, we feel, calls for comment.

Across the continent, at the present time, a creation posing the question, "Have You Talked To The Man Upstairs?", is revolting the taste and sensibilities of the ever-thinning ranks of civilized listeners.

The presumably religious content of this number turns it into a desecration. Listeners, it transpires, are being urged to prayer to an accompaniment that used to be known to dance hall touts as the New Orleans strut. This sort of thing, a derivative of the negro spiritual or simple folk music, in certain voices and in a certain atmosphere, need not always be condemned. But this particular opus, now flooding the air-waves, reaches a

very low point indeed. It hasn't even the vitality of downright obscenity or blasphemy. It is merely the end product of a mass system of appeal to the lowest common denominator in discrimination, reminding us of all of what is being done to us by entertainers and entertaining media with no standards for themselves and hence none for the public. The thing would be of no consequence if it were isolated. But the fact that such an item as this one to which we refer has "caught on" so much, illustrates an abandonment by a new generation of listeners of a sense of decency, and any taste whatever. It is a far more significant sign of the times than these same dumb multitudes realize. They are going down in a tide of vulgarity and inanity, as a result of what they are so constantly exposed to, and their greatest loss, it seems, is not of a sense of decency only but also of the last vestige of a sense of humor.

What's Happened?

What's happened to the U.S. Army, asks the Frederickton Gleaner apropos of the life led by Senator McCarthy's former henchman, "Private Schine, among other things, continued to pursue his civilian affairs for some weeks after he was drafted; he didn't clean up his quarters; he shirked kitchen fatigue; he paid other men to clean his rifle; and despite all this, he enjoyed five times as much leave as his fellow-soldiers. Anyone with experience in the Canadian or British armies will be puzzled by all this. What kind of officers condone this kind of be-

havior? What kind of soldiers will, for a fee, take on the dirty work of a load-swinging like Private Schine? Above all, what has happened to the American Army's backbone — the leather-lunged, flint-hearted, incorruptible sergeants? The situation would be ludicrous were it not a bit disturbing. After all, the American forces are our principal guarantee of security — and of victory, if the worst comes to the worst. And atomic weapons may be a poor substitute for good sergeants, especially in an army of Private Schines."

City Engineer

(Continued from Page One)

Titchmarsh said.

WELCOME TO NOTES

Alderman F. C. Christian interjected to say he had taken notes at the Friday meeting for his own information, to which Mr. Walker was welcome to refer.

"I'd like to see the recorded minutes," persisted Mr. Walker as he thumbed through the various committee meeting reports of council activities in other matters.

The engineer then asked that a statement from him be received and recorded. This was accepted by council but although Alderman H. M. Geddes asked what the statement was about, it was not read, or released for publication.

RESPONSIBILITY?

In discussion regarding publishing of the document, Alderman Titchmarsh declared, "Any publicity in this matter should be Mr. Walker's responsibility."

Alderman Christian challenged Alderman Titchmarsh's contention stating, "It works both ways, everyone is responsible in this matter."

Mr. Walker stated he had no objections to the statement being made public but did not insist.

The Herald understands that the statement submitted by the engineer was simply an elaboration of the statement he made following the Wednesday meet-

ing, which brought the matter out into the open. Then, Mr. Walker said, "At a meeting of council in committee, held Wednesday, June 16, I was requested, verbally, to resign and was given until June 18 at 4:30 p.m. to make up my mind. I told council then, and I repeat it now that I have no intention of resigning. I further feel that my past record of accomplishments speaks for itself."

"I would welcome and demand in the public interest a full and impartial investigation of my administration."

Reasons for council's dissatisfaction with the engineer have not been made public other than the broad outline contained in a resolution prepared by the board of works committee, and which was adopted without comment by council on Monday night.

The resolution, which was published in its entirety in last week's issue of The Herald, contains the paragraph: "And whereas the committee has arrived at the conclusion that the cause of this situation (dissatisfaction with results being achieved by the board of works department) is the lack of success of the city engineer in obtaining willing and active cooperation from his subordinates, which cooperation is essential to successful and economical operation."

Local MLA

(Continued from Page One)

not stepping down for anyone — you can tell the people that," Mr. Richter declared.

HAS HAPPENED HERE

It has happened in the Similkameen. Pentecostal minister Harry Francis, now an official in the provincial works department at Revelstoke, first won the Similkameen for Social Credit in the election of 1952. A few weeks later Mr. Francis resigned to give Premier W. A. C. Bennett opportunity to seat his appointed finance minister, Mr. Gunderson.

Mr. Gunderson was elected and represented the Similkameen until the defeat of the government over the hospital insurance issue in February 1953.

Mr. Gunderson next ran in Oak

Bay, but, although the Scores were returned with a working majority, he was defeated.

Another elected member stood down in Victoria to again make way for Mr. Gunderson but, in the subsequent by-election, the man who Premier Bennett described as "the best finance minister B.C. ever had," and "the best finance minister in Canada," was again defeated.

Hint that Premier Bennett may again be seeking a seat for Mr. Gunderson has brought a statement from Hugh Shantz, Scored MLA for the North Okanagan, who is reported to have said, whatever may be happening in other interior ridings, "the North Okanagan is not for sale."

Lack Of Water Storage

(Continued from Page One)

the amount being used on the Ellis system at the present time."

Using 1925, a dry year when there was only one dam, as a comparison with 1953, known as a wet year, Mr. Gayfer pointed out that although storage facilities were greatly increased during the span of years the demand for domestic water has risen from three acre feet per day to 10 acre feet per day, which has offset expanded storage in the dams.

Although there is no way of predicting amounts of precipitation, Mr. Gayfer surmised that numbers one and two dams

might not fill in about three years out of 50 if drought periods occurred.

QUICK RUNOFF

"Penticton creek has quite a mountainous watershed and the runoff is abrupt," he explained. "During the month of August, 1925, the dam went dry and only available water was a small trickle from the creek. In comparison, 1953 shows a three-week additional period when water was available."

In his closing remarks, Mr. Gayfer hinted that a study of both irrigation and domestic needs will be coordinated into one master scheme before a definite formula for future guidance is established.

Sidewalk Policy

(Continued from Page One)

they were asked for, than to go in where there were objects.

Mayor Matson said that only a few days previously he had been approached by Harold C. Nicholl, manager of Long's Building Supplies Ltd., who, according to the manager, is anxious to have the sidewalk construction in the 200 block Winnipeg street proceeded with.

Petition for this sidewalk was received last fall and council discovered that no allocation had been made in the estimate for the work this year.

Alderman Christian again expressed his disapproval. In principle, of block by block development by petition of property owners. "This only leads to spot development. Other cities, which are progressive, build sidewalks, curbs and gutters under an extended development program," he said.

Council decided to table the matter for one week to ascertain

views of other property owners on the block on Martin street and consideration will also be given the sidewalk project for Winnipeg street.

Peach Festival Men At Calgary Stampede

Delegates representing the Peach Festival Association will attend the Calgary Stampede and Missoula, Montana, exhibition to publicize Penticton's festival show. This was decided at the regular Peach Festival meeting last night.

Square dance pre-registrations have started to arrive here for the International Square Dance Jamboree, August 19, 20 and 21. Farthest point to register so far with Mrs. Jim Hendry, registration chairman, is Seattle.

Another square dance workshop will be held Saturday night. It will take place at the high school cafeteria.

Pioneer Days

10 years ago this week

A record fruit crop was anticipated and students were giving vital aid in thinning peaches. Western Canadian Greyhound took over stock of B.C. Greyhound and Cariboo Greyhound. Two Penticton soldiers, Cpl. Herbert Murfit and Trooper Donald Hillard were listed as killed in the invasion of France.

B.C. regional conference of the Jaycees was slated to get underway here. R. W. Craig, K.C., of Nanaimo, was elected president of the Penticton Canadian Club.

20 years ago this week

Indignation was voiced from various sources in the southern interior because no mention of the Hope-Princeton highway was made in the public works program. WTCU sent a letter of

protest to school authorities over smoking by adults in the school and school grounds, which was thought against the law.

A gold strike was made at Testa Linda Creek near the head of Osoyoos Lake.

30 years ago this week

Animals must not be tethered on streets, an amendment to the municipal bylaw stated. W. A. McKenzie was re-elected as Conservative MLA for Similkameen by 59 votes over P. W. Gregory, of the provincial party, as Premier John Oliver's Liberals retained the government. Start on provincial buildings in Penticton was scheduled. Incola Cup, emblematic of golf supremacy, was won for the second year by T. M. Syer.

Committee Recommendations
Reviewed For Local Growers

Last year's fruit crop has been marketed and pools are closed, Albert Millar, of Oliver, member of the Board of Governors, told growers at Monday night's meeting of Penticton local, BCFGA.

Reviewing recommendations of various commodity committees, Mr. Millar said there would be no change in cherries this year; no plums, many varieties will be packed at grower's risk, and no change will be made in minimum requirements for fresh fruit or cannery purposes.

SLIGHT CHANGES

For pears, a slight change has been recommended for select grades in size and color. Important alteration has been made in russeting tolerance. Whereas 25 to 30 percent russeting was formerly allowed, this has now been changed to 10 percent on domestic grades.

Experiments are being carried out on cold storage and use of polyethylene packs for pears. "Tree Fruits will be putting up a substantial pack this year using polyethylene bags," Mr. Millar advised, "and this should prove to be a beneficial step forward on behalf of growers."

This type of pack has been an economically sound investment in the Wenatchee district, Mr. Millar stated, and it has been found that pears can be stored about 40 days longer under this process.

PEAR POOLS

Regarding pooling of pears, Mr. Millar revealed there will be three size groups for D'Anjou and differential will be set on a basis of sales history. Referring to pears, group six, he said these varieties will have to stand on their own feet and will be sold, if possible. And he added, "unless we are able to obtain more markets, it appears that in a few years we will have considerably more Bartlett's than we can sell."

A new yardstick has been devised for pooling of most fruits, Mr. Millar remarked, and a further review is promised later in the year.

Trinidad

(Continued from Page One)

cause of the climate, more closely resembling that of home than any other part of Canada. As for their impressions the answer is, "It's the people who make any place and the people here are grand."

But there are some factors of Canadian life that puzzle the students. One is the drinking of coffee in restaurants, "an unheard of thing back home."

Liquor laws and drinking habits of Canadians pose the real puzzle in their minds.

NO LIQUOR PROBLEM
"Back home there is no liquor problem, everything is wide open," they declared. "There are no bootleggers and it is not illegal to carry around a partly empty bottle."

"Most of the people don't start to drink until they are old enough to hold a job but it is not unusual to see a boy of five or six go to the store to purchase a bottle of rum for his parents. It is viewed in the same light as buying a loaf of bread."

Most restaurants serve beer and wine, a bottle of the best rum sells for \$2.50 a quart, draught beer is unheard of and a pint sells for 26 cents.

Came this comparison of rum. "A drink of Canadian rum straight touches the palate to about the same extent as a gulp of water following a straight drink of our rum."

And they concluded with this observation. "It seems strange that so many Canadians buy a bottle of liquor and don't seem happy until it's drained."

A campaign by the fruit and vegetable packinghouses in the Okanagan commenced June 10, with the purpose of reducing accidents in the industry.

Speeches And Games
At Socred Picnic

Guest speakers at tomorrow's Social Credit picnic will be Hon. Kenneth Kierman, provincial minister of agriculture, Einar M. Gundersen, former finance minister, and Noel J. Murphy, president of the Social Credit League of B.C.

The picnic, to be held at Summerland Experimental Station, is under the auspices of Similkameen and South Okanagan Provincial Social Credit Associations.

Premier W. A. C. Bennett is unable to attend.

I. H. SOLLY

SUMMERLAND — I. H. Solly was installed as president of Summerland Rotary Club on Friday evening by Ralph Brown, Vernon, governor of the district. Vice president is W. C. Wilkin, secretary, Roy Angus, and treasurer, Gordon Smith. The directors are A. D. Coggan, B. A. Tingley and Ross McLachlan. A turkey dinner for Rotarians and their wives preceded the installation ceremony, with catering done by Summerland Hospital Auxiliary.

Eighty-Two Students On
Naramata Elementary
School Promotion List

NARAMATA—Eighty-two students are listed as passing into higher grades at the Naramata elementary school.

Among those advanced to the second year in school were Lucy Evelyn Atkinson, Barry John Bomford, Leonard James Gawnie, Barry Allan Littlejohn, Marita Louise Munro, Sandra Lea Nettleton, Marvin Richard O'Connell, Marlene Patricia O'Connell, Patrick Brian Stanforth, Reginald Van Denberg, Sandra Victoria Wilson, Margaret Elizabeth Young and Harma Hazen.

Advanced to the third school year were Wendy Joan Bowerling, Paul David Clough, Charles Clouston Donald, Nancy Gawnie, Robert Hancock, Karen Gell Hardman, Russell Hook, Robert Michael June, David John Littlejohn, Robert McLaren, John Earl Bruce McPhee, David Palmer, Shirley Partridge, Carol Tillar, John Richard Tinning, Gary Dick Williams, Guy Tunstall Wilson, Brian Victor Wilson, Ineke Hazen, James Bolton and Thelma Lacombe.

Going into fourth year will be Douglas Bowering, William Darcy, Brian Hancock, Michael Hill, Michael Kennedy, Michael Kozak, Fred Newman, Lorne Partridge, Nedline Smethurst, Bonnie Traynor, Trudy Van Dongen, Wilma Van Dongen, Elaine Walsh and Sue Workman.

The list of students advancing to the fifth year are Ann Clough, George Couston, Helen Donald, Deanna Gawnie, Sharon Grant, Marlene Johnson, James Sinclair, Earl Stanforth and Nancy Stanforth.

Advanced to the sixth year in school were Michael Alcock, Arthur Bailey, Roy Baker, Kenneth Danderefer, Ernest Hancock, Edwin Hill, Mary Stanforth, Adrian Van Dongen, Carol Wiseman, Ian Wiseman and Sherry Workman.

Students advanced to the seventh school year were Gillian Darters, Larry Day, William Gawnie, Sharon Hill, Barry Kennedy, Joe Kozak, Judy Littlejohn, Betty McLaren, James McPhee, Robert Munro, Rodney Smethurst, Richard Stein, Garry Thomson and Nancy Monerloff.

Irrigation Water
Shutoff Discussed
Again By Council

The City Council, meeting in committee with the Irrigation Commission last Thursday, voted in favor of the commission advising council as early as possible in September each year of the recommended date that irrigation water be turned off.

C. H. Hinesman, irrigation commissioner, speaking in respect to the control of irrigation water, mentioned that it was necessary for the growers to know the date water would be turned off in order to take full advantage of its availability.

The point was brought up that at the meeting held by the commission last September of last year, a recommendation was passed to the council to the effect that irrigation water be provided to September 21 or later, depending on the weather conditions. It also suggested that at least two weeks notice be given to the growers prior to the shutoff.

While this recommendation had been accepted by the council, it had not been followed, said Mr. Hinesman, resulting in some growers not receiving a full measure of water.

BOARD'S WAGE
RULING DRAWS
UNION'S FIRE

KELOWNA — Bryan Cooney, director of organization for the Fruit and Vegetable Workers' Union (FVWU) expressed the opinion that it is unlikely his union will ever agree in the future to submit to a binding arbitration board ruling.

Mr. Cooney made the comment following receipt of a majority report of an arbitration board which rejected a requested five-cent an hour wage increase.

"Sometimes it isn't always smart to win," said Mr. Cooney. "We thought we might at least get something out of it."

Arbitration board chairman, Judge J. R. Archibald and the shippers' representative, J. C. Munro, of Vancouver, recommended no changes in this year's contract. The minority opinion, filed by the union's nominee to the board, W. H. Phelps, of Vernon, recommended a five-cent an hour across the board increase.

Judge Archibald and Mr. Munro said that the fruit industry in the Okanagan is in a "depressed state" and that returns from the 1953 crop had been less than in 1952. Prospects for the 1954 crop, they stated, were poor owing to adverse weather conditions.

The union's representative said a wage increase would bring the Okanagan fruit industry's wage increase would bring that paid in other industries. He added that prospects for a light crop would mean higher prices and therefore the industry could afford an increase in packing-house wages.

The union claims that vast majority of the workers in the packing plants depend on the work as their main source of income and few of the workers get more than three months' work in any crop year.

Carmi Avenue
Lacking Width

Willingness of school and hospital boards to part with eight foot strips of property fronting on Carmi Avenue school and the hospital grounds on Carmi avenue, would simplify City Council's problem of rectifying an error, buried deep in the past and also westablishment of a 60 foot right-of-way as required by law.

The error was discovered when the Penticton Granite club entered negotiations for lease of property on Carmi avenue on the west side of the city yard, upon which to build a curling rink.

The Granite Club in an effort to expedite the deal is prepared to forfeit the eight feet required by council to make up road width, provided subsequent surveys disclosed the error exists on the south side. Would-be purchasers of the lot on the south-west corner of Main and Carmi are similarly prepared to waive the eight foot strip, council was informed.

Consequently, if the hospital and school boards are like-minded, the avenue, now 52 feet wide, can be extended to 60.

In council discussion on Monday it was suggested by Alderman Wilson Hunt that it would be simpler to leave the width at 52 feet. It was pointed out that this was considered narrow for modern thoroughfares and also that the town planning consultant had recommended an even wider width of 100 feet as desirable for Carmi avenue in the future.

CROSSING APPROVED

Request of W. T. McCarthy, 437 Westminister avenue, west, for permission to construct a sidewalk crossing to enable him to enter his garage from the street, was granted by City Council, on Monday. It was impossible for Mr. McCarthy to secure access to his garage from the rear lane, council was informed.

Animals of the deer family, such as elk, moose and reindeer, have antlers and shed them regularly.

Summer Theatre
Opens Tomorrow

Penticton's midsummer attraction at Skaha Lake will open for the season tomorrow evening when Theatre By Starlight will offer "Petticoat Fever".

The mayor will officially open the community's "live theatre" and the Peach Queen and her attendants will also grace the stage. As a feature of the program, befitting the play to be given that evening, several grilling, petticoats will be awarded to members of the audience.

Throughout the next three weeks, moreover, some program holder will have the opportunity of winning a free trip and entrance to the British Empire Games.

The opening play will bring back many of last year's favorites: Patricia Leith, Monica Dudley, and Wally Marsh, with a new comer, Jack Ammon, filling another major role. This play will continue until July 8, when, the much discussed "The Moon Is Blue" will be presented.

Enjoyable Program
At Kaleden Party

At a community party held last week in the Kaleden Community Hall two talented young Penticton artists, Gilberta and Mengia Semadeni, delighted the audience with two piano solos, "Sonatina" by Clementi and "Bagatelle" by Bach; and two duets, "Reel" by Markham Lee and "In Schubert's Day" by Richard Krentzlin.

Gilberta and Mengia were the recipients of three cups at the recent Musical Festival held in Kelowna.

The program continued with George Busch showing colored slides of varied and beautiful scenes taken in Mexico last winter, and who gave an interesting description of the trip on which he was accompanied by his family.

Refreshments served by the Women's Auxiliary to the hall board concluded the enjoyable evening.

Vancouver Jr. Band
Gives Superb Show
At Arena June 27

Over 2000 Pentictonites crowded the Arena last Sunday night and were rewarded with a delightful experience. The touring Vancouver Junior Band was here, and ran through a long program of superbly executed music ranging from such light pieces as "Anchors Aweigh" to serious classics like Sibelius' "Finlandia". Gordon C. Olson's talented group of musicians, none older than 17, travel across Canada and the USA on their current tour.

Pioneer Railroader,
John G. Millership,
Passes At Coast

A man who helped pioneer the building of the Kettle Valley railroad, John George Millership, passed away at Port Coquitlam at the age of 81 years, Thursday.

The late Mr. Millership is survived by one son and one daughter, Albert, of Penticton, and Mrs. Adeline Bourne, of Port Coquitlam; three stepsons and two stepdaughters, J. E. Ford, Courtney; H. G. Ford, Port Coquitlam; P. H. Wilkinson, Penticton; Mrs. Ruby Routely, Glen Valley; Mrs. Hilda Fumerton, Prince George; also 6 grandchildren.

Funeral services were held from the Roselawn Funeral Home, Saturday, Rev. S. McGladry officiating, committal Lakeview cemetery.

Permission was granted the Kiwassa club last Monday, by City Council, to hold a raffle on August 20 in connection with the Peach Festival.

Tomato Mustard Sauce: Mix 1 can (1 1/2 cups) condensed tomato soup with 1/3 cup drippings from meat loaf (or butter) and about 1 tablespoon prepared mustard. Heat.

Robin Hood Bike Contest Winner!

Miss Lorraine Stewart, 1275 Kilwhinning St. is shown here with the Armstrong, England's leading 3 speed bicycle she won on the Robin Hood Bike Contest Show, Saturday, June 19.

Miss Stewart answered the question asked on the show correctly, and included a box top from a Robin Hood Chocolate Milk.

The Robin Hood Contest is easy to enter, and every boy and girl has a chance to win. Every week, a simple question is asked on the Robin Hood Show. The question for this Saturday is "When Is Dominion Day?" Contestants are asked to send in their answer, with their name and address, along with a guarantee certificate or box top from any Robin Hood product. Send entries to The Robin Hood Bicycle Contest, care of CKOK, Penticton. Every week, the new English bicycle will be given away to a lucky boy or girl with the correct answer.

You'll have no trouble getting guarantee certificates and box-tops to enter this contest. That's because these quality products, Robin Hood Flour and Robin Hood Cake Mixes are Canada's biggest sellers by far.

The Robin Hood Show is heard weekly on Saturday morning at 9:30 a.m. on CKOK.

Impaired Driving,
Must Be Stopped,
Magistrate Warns

Fred Malakoff, of Vancouver, was fined \$75 and costs in police court Monday when he pleaded guilty to a charge of impaired driving. He was involved in an accident at Main and Eckhardt Saturday night. Passengers were uninjured.

Malakoff's plea for time to raise money was refused by Magistrate G. A. McLelland who said, in passing sentence, "this business of driving while impaired must be stopped."

To keep a chopping block or wood breadboard from cracking, coat with warm salad oil. Let stand overnight then wipe off any excess. Repeat in about three or four months. Wooden counter tops can be treated in the same way. The salad oil also keeps food and grease from staining wood.

To prevent icing from running off a cake, dust a little cornstarch over the cake before icing it.

In And AROUND TOWN

Mrs. Marie Lawrence and Mrs. Margaret Michie, president and vice-president, respectively of the Penticton Soroptimist Club, left on the weekend to attend the 13th biennial convention of Soroptimist Clubs in session this week at Banff.

The Women's Auxiliary to the Penticton Peach Festival Association will meet on Monday evening at 8 p.m. in the hotel. All interested in assisting in the promotion of the festival are invited to attend and work with the auxiliary.

Guests this week at the home of Mr. and Mrs. C. C. Swower were Mr. and Mrs. Willard Lambley, of Port St. John, and son, Charles Lambley, on vacation in Canada from Korea where he is attached to the United Nations Korean Reconstruction Agency at Kunsan. Mr. Lambley, who is administrative officer at the bureau of supply, has spent the past five years in the Orient, four in Japan and the past year in his present location. The visitors left Penticton yesterday for Vancouver where they will spend a short time before the junior Mr. Lambley leaves again for Korea.

Miss Margaret Jones, a student nurse at the Vancouver General Hospital, was a recent weekend visitor at the home of Mr. and Mrs. Victor De Beck, Green avenue.

Mrs. Marty Hill with her children, Dolly and Dennis, left on Saturday for a three-week motor trip to Calgary and Edmonton.

Mr. and Mrs. Tony Chapman and Mr. and Mrs. George Chapman with their daughter, Jeanne, spent five days visiting in Pasco, Washington, with Mr. and Mrs. Arnold Sather and family.

Mrs. Lena Campbell has returned to Penticton after spending seven weeks on a motor trip to Alberta and Saskatchewan and home via the northern States' route. Mrs. Campbell was accompanied on her vacation by her sister, Mrs. George Hills, of Creston.

Spending the summer in Penticton with their mother, Mrs. M. MacKay Knipfel, are Mrs. Donna Snowdon and Miss Norma MacLeod. Mrs. Snowdon, a graduate of the University of Alberta, is a recent arrival from Fort Frances, Ontario, where she has been with the teaching staff of the high school, while Miss MacLeod arrived here some time ago.

Mr. and Mrs. A. C. Nourse have returned to Penticton after spending the past three weeks visiting in Ottawa with their son and daughter-in-law, Mr. and Mrs. Willard Nourse, formerly of this city. Willard Nourse and family moved to Ottawa last year where he is now assistant manager for North American Life Assurance Co. While visiting eastern Canada Mr. and Mrs. Nourse, Sr., had many interesting side trips; Montreal, Thousand Islands, Gatineau Hills and various other Ontario towns. Their tour of the Parliament Buildings was most interesting, with attendance at a session of the House of Commons. The Penticton residents followed home via the States.

After spending two weeks in Seattle Mr. and Mrs. P. E. Pauls returned to Penticton last week accompanied by their daughter, Miss Marjorie Pauls, whose marriage will take place next month.

Mr. and Mrs. John Braine, left today for Vancouver where they are planning to visit until the first of the week.

Mr. and Mrs. Beverley McComb and two small sons, Ronnie and Randy, arrived from Vancouver yesterday to visit for the next week or ten days with Mrs. McComb's parents, Mr. and Mrs. Ronald C. Jamieson.

Taking time to study yourself in the mirror is not vanity; it is good grooming sense. Learn what people see in you. Then accent the good points and eliminate or disguise the bad. That's one way to self-confidence.

Colorful Ritual Installs Soroptimist Club Officers

At a Soroptimist Club's impressive candlelight ceremony held last week in the Glenagary room of the Hotel Prince Charles, Mrs. Marie Lawrence was installed president of the Penticton club for the 1954-55 term of office.

Others assuming position of responsibility for the ensuing club year were Mrs. Margaret Michie, vice-president; Mrs. Elva Cameron, secretary; Miss Jean Bennett, treasurer; and Mrs. Hettie Kingsley and Mrs. Lillian Moore, board members.

Floral decorations with matching gold and blue gaudy the tables at the banquet held prior to the installation ceremony conducted by Mrs. Nell Bothards, of Okanagan, Washington. Mrs. Kingsley, retiring president, was chairman for the important occasion.

At the conclusion of the evening's formalities a most enjoyable program was presented for the entertainment of local members and guests, many of whom came from Okanagan with the installing officer.

Mrs. R. A. Carroll, formerly of Paris and Hong Kong and now a resident of this city, opened the

Williams-Perritt Rites Performed At Summerland

SUMMERLAND - The Church of the Holy Child was the scene of a pretty wedding on Tuesday, June 22, at half-past two in the afternoon, when Phyllis Bernice Perritt, daughter of Mr. and Mrs. Wilbert Perritt was united in marriage with Donald Warren Williams, son of Mr. and Mrs. Warren Williams, Penticton. Father A. M. Mouloubergh officiated at the ceremony.

For the occasion the bride wore a summery pink organza afternoon frock with bouffant skirt with white accessories and corsage of white carnations. She carried a white prayer book.

Attending her sister as maid of honor was Miss Shirley Perritt in dainty yellow nylon with accessories in black and red carnations in her corsage.

Terry Eastman, of Penticton, was best man. At half-past three a reception was held in the Oddfellows' Hall where parents of both principals received the fifty guests. Roses and carnations were used in decorating the hall, and a three-tiered cake centred the bride's table which was arranged with June bouquets of yellow roses, and with white wedding bells.

The host man proposed a toast to the bride and her maid of honor to which the groom responded.

For travelling by way of Vancouver through the States and back to Penticton where the couple will reside, the bride wore a blue linen suit with white accessories and her corsage was white carnations. The bride's uncle came from Edmonton for the occasion.

Two pounds of coal are used to make a pound of TNT.

Sr. Auxiliary Establishes Hospital Library Service

At the June meeting of the Senior Hospital Auxiliary held in the Red Cross Centre with president, Mrs. D. H. Tully, occupying the chair, special interest was shown by the members in the report presented on the establishment of the auxiliary's newest service to the hospital—the travelling library shelf.

Following considerable planning and preparation this service started early in June and the report on its inauguration was submitted by Mrs. Victor DeBeck, convener of the library committee.

BOOKS REQUIRED
A fair number of books has been donated as a nucleus for the library but many more will be required, particularly children's reading material and the Senior Auxiliary will appreciate contributions of suitable books which may be left at Knight's Pharmacy. Mrs. DeBeck reported that many patients were making use of this free library which is available throughout the hospital on Monday and Friday afternoons each week.

BOTTLE WASHER
Another invaluable contribution made to the hospital by the senior organization is an electric baby bottle washer. The purchase of this labor saving device met with unanimous approval following a report presented by Mrs. Tully in which she stated that the hospital administrator, E. F. Macdonald, reported the need for the machine.

An appeal from the Peach Festival Association W.A. for a representative to attend its meetings found a sympathetic response from the auxiliary and Mrs. Tully was named to represent the senior hospital group.

Prior to the closing of the afternoon's business reports were submitted by Mrs. Leighton Travis, Mrs. W. B. Roath and Mrs. W. H. Smith. Refreshments were served by Mrs. Archie Feat and Mrs. J. T. Langridge to close the meeting.

There are more than 20,000 recorded earthquakes on earth in a year.

Several Matters Of Interest At Church Federation Meeting

Several matters of particular interest were on the agenda at the monthly meeting of the Women's Federation of the Penticton United Church held last Thursday afternoon in the church parlor. President, Mrs. J. H. Myers, conducted the meeting, the final before a summer recess.

Discussions pertaining to the Naramata Christian Leadership Training School received the close attention of the federation members. Reports were submitted on the shower of gifts designated for the new cottages at the school and a committee was chosen to act with the Sunday School and the church session to plan a bursary fund for a prospective student at the LTS.

Conveners were selected to arrange for catering to hands at the ELKS convention to be held in this city in July. Four meals will be served and proceeds realized will go to the Sunday School Building Fund.

Rev. Ernest Rands officiated at the dedication of a beautiful library table, of modern design, presented to the new church parlor by Miss Winnifred Sadler in memory of her late parents, Mr. and Mrs. T. B. Sadler, and the late A. E. Sadler. The names of those commemorated will be inscribed on a bronze plaque.

Beauty Operators Plan Hair Styling Courses

Approximately 20 beauty salon proprietors, operators and former operators from this city and other districts, gathered at the home of Mrs. Marty Hill on Monday of last week to meet and hear an address by George Matthews, of

Vancouver, president of the Hairdressers' Association of B.C. Mr. Matthews was here to discuss the feasibility of conducting hair styling courses in the Okanagan. His proposal met with the approval of those present and tentative plans are currently underway for giving a series of courses in valley centres.

CONFIDENTIALLY YOURS

by *Byrne Hope Sanders*

MONTREAL—One of the most precious secrets... I know of, is the exclusive, secret formula for that special flavor in MIRACLE WHIP. SALAD DRESSING! It gives a delectable, tantalizing taste to salads and sandwiches... seems to make the perfect dressing for the most delicate fruits—or garden-fresh vegetables. And oh! Just try it with chicken—fish—cold meats! Miracle Whip blends through a salad so that the flavor of everything in the salad is that much better! You'll taste the difference with Miracle Whip! And Miracle Whip has a consistency which blends smoothly—no curds or lumps—into a crown of pale-gold delight atop your salad. Mmm! Serve lots of salads—with Miracle Whip!

Not Even that flatterer new lip-stick color! make you look your best if a painful corn has you tense and frowning. So take my advice—try new BLUE-JAY Corn Plasters with Phenylum. That's the new medication that gets under your corn and helps push it out from underneath. The first really new medication for corns and calluses in over seventy years! In actual tests, it went to work 35% faster, worked 35% more surely than any other leading remedy. Truly, once you've used new Blue-Jays, you'll never go back to old-style remedies. Your favorite drug counters have new Blue-Jays with Phenylum. Get some today.

One Way To Get The Better Of A Difficult Budget is to spread payments evenly throughout the year. We've found that with a little thinking ahead, we can do that easily. For instance, last week we were seriously considering next winter. Yes, you're right—coal! We decided to fill our coal-bin while the lower summer prices are on—and, since we were a little short of ready cash, we went down to our branch of the BANK OF MONTREAL and arranged a coal loan. Our winter fuel problem's well licked now, and we're paying back our loan in ten easy instalments... in a way designed to help our budget. Why don't you free yourself from budget worry... see your neighbourhood B of M manager today about a low-cost Coal Loan!

Recess For Naramata Red Cross Surgical Dressing Workers

NARAMATA—A social gathering in the Red Cross workroom at the community hall on Wednesday marked the closing meeting of the spring sessions for the Red Cross surgical dressing group.

The workers have met weekly on Wednesday evenings, during the several months since the opening of the series of meetings last fall. Their efforts have been devoted entirely to making surgical dressings for the Red Cross blood transfusion service and in a report submitted on Wednesday it was disclosed that 16,200 had been completed since the first of January, 1954.

Mrs. Cliff Nettleton and Mrs. W. A. Ritchie cut the gauze for the surgical wipes and pads and the packing is done under the supervision of Mrs. A. L. Day. The average weekly attendance for the past season has been 8 workers.

The evening workers will resume activities on September 15.

Combine a hobby with beauty building by choosing such occupations as fencing, dancing, hiking, year-round swimming and tennis.

Joan Margaret Thomson Wears Heirloom Bracelet At Pretty June Nuptials

An antique bracelet, a gift to her grandmother from her grandfather on their wedding day, was worn by Joan Margaret Thomson when she became the bride of Donald Terence Thompson, of Port Alberni, at a pretty double ring ceremony on Saturday at 1 p.m. in St. Andrew's Presbyterian Church. Rev. Samuel McGladdery officiated at the wedding.

The charming bride, elder daughter of Mr. and Mrs. Jack (Scotty) Thomson, of this city, was given in marriage by her father. Her wedding gown was of white bengaline fashioned with bouffant skirt and worn with a jacket of imported lace and matching mittens. Her fingertip veil of French silk net misted from a tiara formed of hearts and sprinkled with pearls, and complementing the lovely bridal attire was a cascading bouquet of pink and white carnations.

Attendees at the ceremony were the groom's sister, Mrs. Neil Van Horne, as matron of honor, and bridesmaids, Miss Sharon Abbott and Miss Barbara Thomson, sister of the bride.

The matron of honor wore a mauve net gown with matching lace bolero and blending color flowers in her hair while the

"Allan Cup" Chosen As Theme For Junior Auxiliary's Dance

Miss Sally Jackson Home From England

Miss Sally Jackson, who has been visiting in England for the past two years, returned to Penticton this week.

After travelling to Canada aboard the Empress of Scotland, she flew to Calgary where she was joined by her father, Stewart Jackson; they motored home from there to arrive here on Monday afternoon.

Miss Jackson has been a student of floral decorations with Constance Fry, of London, and her future plans include a continued interest in that art. In the meantime she is planning to make a long visit in the Okanagan Valley and renew acquaintances with her many friends.

"Allan Cup Cabaret" the name chosen by the Junior Hospital Auxiliary for its annual fall ball, long established as one of the most popular social events of the season, again indicates the wide influence hockey and pride in the victorious V's has on the city's many activities.

The forthcoming cabaret dance was the centre of discussions at the June meeting of the auxiliary, the final before the summer recess, held in the Red Cross Centre with president Mrs. A. H. Fraser conducting the session.

Mrs. James Fleming, appointed general convener of the fall dance, will have Mrs. O. M. MacInnis as co-convener. Assisting them will be Mrs. Robert McDougall, entertainment; Mrs. A. F. Day, refreshments; Mrs. Syd H. Corneil, tickets; Mrs. Hugh Lynch, advertisement; Mrs. W. F. Gartrell, posters; Mrs. A. Young, costumes; Mrs. M. W. Campbell, decorations; Mrs. L. N. Wishart, novelties; Mrs. R. V. White, tables and chairs; Mrs. Jack Morris, check room, and Mrs. Louis Hohenadel, soft drinks.

FESTIVAL FLOAT

Other discussions at the recent meeting centred on assistance with the Penticton Peach Festival and several other matters of local interest. Mrs. Maurice McNair will represent the auxiliary on the Women's Auxiliary to the Festival Association and Mrs. Thomas Fell will be in charge of arrangements for a float which the JHA decided to enter in the festival parade.

Mrs. W. Roy Walker, auxiliary representative to the Penticton Hospital board, in presenting her monthly report, stressed the need for a **Hausted Stretcher** at the price of \$352.46. The Junior Auxiliary voted in favor of making this purchase for the hospital. Mrs. M. Rowe Diney will replace the late Mrs. C. W. Lintott on the hospital board. Mrs. Walker disclosed in her report.

Mrs. D. H. Tully, president of the Senior Hospital Auxiliary, was welcomed as a guest at the meeting and Mrs. H. A. Beck as a new member.

Following adjournment of the meeting a pleasant social hour was concluded with the serving of refreshments by Mrs. J. V. White, Mrs. Wilson Hunt and Mrs. Maurice McNair.

Marjorie Pauls Bride-Elect Of Seattle Doctor

Wide spread interest in created by the forthcoming marriage on July 17 of Miss Marjorie Claire Pauls and Dr. Frederick E. Gelsert, of Seattle, Washington, formally announced this week by the bride-elect's parents, Mr. and Mrs. Paul E. Pauls, of this city.

Rev. Ernest Rands will officiate at the 7:30 p.m. ceremony in the Penticton United Church when the only daughter of Mr. and Mrs. Pauls exchanges vows with the son of Mrs. Frederick W. Gelsert and the late Mr. Gelsert, of the coast city.

The bride-to-be is a graduate of the University of British Columbia School of Home Economics and served her dietetic internship at University of Oregon Medical School Hospital, Portland, Oregon. Dr. Gelsert attended the University of Washington, graduated from McGill University of Medicine, Montreal, and served his internship at the Swedish Hospital, Seattle.

Attending Miss Pauls at the only summer nuptials will be two Alpha Phi Sorority sisters, Mrs. P. A. Todd and Miss Nonie Marsden, both of Vancouver, the former as matron of honor and Miss Marsden, bridesmaid. Dr. Paul Lund, of Seattle, will be bestman.

Summerland Girl Falls Down Canyon

Tragedy almost invaded a Sunday School picnic near Summerland last Wednesday evening.

Members of the Free Methodist Sunday School were enjoying themselves out at the experimental station, when some of the girls went running towards Peach canyon. As they approached the top of a young Japanese girl, Kanoko Uchida, tripped and fell.

Before the 14-year-old could stop herself she had slipped over the edge of the cliff and down the canyon wall. She fell a considerable distance and was knocked unconscious by her plunge. Luckily she recovered, and with the help of the other girls was assisted to the top.

Medical aid was called and the girl was taken to Summerland General Hospital where it was stated that she was suffering from concussion.

Festival Royalty A Hit At Yakima

Penticton's Royal Family made a distinct hit at the Washington state square dance festival held last Friday and Saturday at Yakima.

Represented by Peach Festival Queen Ardell Getz, her princesses Arlene Cartrell and Pat Hutson, chaperone Mrs. Tommy Walker, Mr. and Mrs. James Hendry and Ralph Robinson, Penticton's big summer show to be held August 19, 20 and 21 was well publicized.

Over 2,500 dancers registered for the Yakima celebration, most of them from the state of Washington but with a sprinkling of Canadians.

Ten dances and one street

dance took place the first night and on the second evening all dancers congregated at Davis field where 1,500 persons viewed the spectacle.

Total of 20 callers handled the show with Eddie K's orchestra from Vancouver, Wash., supplying the music. The same band will play for the International Square Dance Jamboree to be held in conjunction with the Peach Festival. Master of ceremonies was "Chuck" Jones who draws Bugs Bunny cartoons for Warner Brothers.

"We received many inquiries from our American friends about the Peach Festival show and square dancing planned up here," Mr. Robinson commented.

Elderly Summerland Man Passes, Age 84

Resident of Summerland for the past 48 years, Herbert Dunham passed away in Summerland Hospital yesterday, age 84 years. He was a long-time orchardist in the community, and was born in Ontario.

He is survived by two sons, Robert Delmar, West Summerland, Herbert Orville, New Westminster; one daughter, Miss Mary Dunham, Salmon Arm; three grandchildren; three brothers, Colonel and Heather, both of Arkona, Ont., Ethelbert, Creelman, Sask., one sister, Mrs. Charles Campbell, Parkhill, Ont.

Funeral services will be held in St. Andrew's United Church, West Summerland, Friday at 10 a.m. Rev. C. O. Richmond officiating, committal family plot, Peach Orchard cemetery, Summerland Funeral Home in charge of arrangements.

Police Expose DP's Salesman Sob Story

Sense of sympathy for a self-styled displaced person who claimed he had been "taken" by a clever car salesman turned to a feeling of coolness when the true story was aired in police court, Monday.

The man, who used a form of sign language to indicate his inability to speak English and to tell how a salesman had given him a car for a test drive with option to buy, faced a charge of driving without a license after he had rolled the vehicle over.

Then came the shocker. A little investigation revealed that the accused had been a displaced person, but this was some six years ago. True, he didn't have a license but the salesman was merely a myth, the car belonged to the accused and he had been driving it for months.

He was given the minimum fine, \$25 and costs.

BCFGA President Urges Return Of Fruit Contracts

Penticton has a good record in number of contracts returned.

Avery King, president, told members of Penticton local, BCFG, Monday night.

But anyone knowing of growers who have not yet done so were requested to urge their neighbors to have contracts turned

ed in immediately. There are new growers who have not yet been registered. Mr. King stated, and they are asked to contact the secretary, Mrs. Leslie Balla.

MAJOR PORTION OF THE GRADUATING CLASS from the Penticton College of Commerce is shown above with a number of the distinguished guests attending the commencement exercises Friday evening and grouped with her graduating students is Mrs. M. McKay-Knipfel, college principal. Mrs. McKay-Knipfel said Tuesday that the entire class, with the exception of two or three, had been placed in satisfactory employment. Shown left to right, front row, are Anne Brlekovich, Summerland; Dora Peterson; Alderman H. Geddes; Honorable E. C. Martin, minister of health and welfare, who was the guest speaker; Mrs. M. McKay-Knipfel, college principal; Mrs. C. H. Asman; Shirley Clarke, Summerland; Joyce Willis, Summerland. Left to right, second row, are Shirley Letts, Summerland; Lenore Overton; Eileen Bolton; Josephine Jacobs; Kathleen Antifae; Jeannette Monchalin; Violet Stoochnoff. Third row right to left, are Joan Dickson, Summerland; Elsie Skevington; Lily Leischner, Osoyoos; Caryl Wyatt; Ethel Gilbert, Summerland; Janice Forrest; Sharon Dowds, Summerland; Mary Brlekovich, Summerland; Pat Peterson. Back row, left to right are Allan Reed, Beaverdell; Andrew Pinter; Frank Richter, MLA; Jack Lorke; Allan Gustavson.

Hon. Eric Martin Gives Warning About Communism To Graduates

Communism reflects the image of mass slavery and sounds the death knell of all human rights, freedoms, and mature development, Honorable E. C. Martin, minister of health and welfare, told graduates of the Penticton College of Commerce at exercises held Friday night at the United Church.

About 40 students graduated in a variety of courses under the guiding hand of Mrs. M. McKay-Knipfel. Earlier that same evening, they attended a banquet at Hotel Prince Charles and following graduation exercises danced at Masonic Temple.

COMMUNISM DANGEROUS
"This danger of Communism must be realized by the people of the world, it must be seen for what it is," Mr. Martin warned. "As responsible individuals you must give active thought to this danger, and actively resist the apathy and moral weakness which allows conditions to develop which engender Communist thinking."

"I hope you will realize what a priceless treasure you now possess, the freedoms you carry as responsible citizens were won at a price which is still being paid, and it is your responsibility to guard well these freedoms."

Mr. Martin declared that it is most necessary that governments adhere to the full concept of democracy in order that the people of Canada gain the results they desire from the administration of

their affairs.

"In a practical and realistic society, government is not the direction of the will of the people, but is the reflection of the will of the people," he continued, "it is for the people to say what they desire, not for the governments to automatically decree what will be. When a government takes over the direction of man's destiny, it also takes over the freedom of the individual. The result is stagnation." The minister was introduced by Frank Richter, MLA for Similkameen.

GOLD MEDALS

During the ceremony, gold medals were presented to students Allan Reed, Dora Peterson and Anne Brlekovich.

As chairman, W. A. Rathbun congratulated the school of commerce for having done a splendid job and he lauded Mrs. McKay-Knipfel for being the "spark-plug" of the venture.

In offering felicitations, Reverend Ernest Rands said, "you must be part of the business to which you go and not just be concerned with when the day's work is over or when holidays come."

A scholarship to be known as the "Allan Cup scholarship" was accepted on behalf of the Penticton Hockey Club by A. G. Schell. Invocation was given by Reverend A. R. Eagles, greetings from the city of Penticton by Alderman H. M. Geddes, valedictory address by Miss Janice Forrest, presentation of certificates by Mrs. McKay-Knipfel, presentation of medals and prizes by Mrs. C. H. Asman and vocal solo by Mrs. J. A. English.

Knights Of Columbus Elect P. C. Grant As Grand Knight

At a recent meeting of the Penticton Council, Knights of Columbus, P. C. "Pat" Grant, local high school teacher, was elected Grand Knight for the ensuing year.

The position of Deputy Grand Knight was assumed by Tom Jones. Other officers elected were Gordon Lines, chancellor; Lawrence Kloster, recording secretary; Joe Van Veen, financial secretary; Bill McConnaheo, Osoyoos, advocate; Louis Gohalos, warden; Joe Antonick, inside guard; Phil Dumont, Osoyoos, outside guard; Fred Netherton, trustee.

It was announced that Anthony Biello, has been appointed Knight's district deputy for the Kamloops and Okanagan district for the ensuing year.

In very hot weather, many people don't welcome a hot roast of meat but salads are always inviting. Try combining various raw vegetables, experimenting with the less usual kinds.

Quarterly Meeting Of CARS Shows Progressive Work

The quarterly meeting of the Canadian Arthritis and Rheumatism Society, Penticton branch, was held on June 28 in the Legion Hall. Andie Bennie presiding. The Oliver Auxiliary was represented by Mrs. Roy Jardine and Mrs. S. B. Hirtle. They announced the moving of their arthritis clinic from St. Martin's Hospital to the new Health Centre in Oliver.

The branch treasurer, Miss Adelaide Evans, gave a most satisfactory accounting of the money accruing to the society from the recent United Appeal drive.

A picnic for arthritic sufferers was proposed, and E. W. A. Cooper undertook to make arrangements for this in August. Mr. Bennie announced that the volunteer driver service would be discontinued during July and August, and paid tribute to the unfailing help rendered in this work by the IOOE, the Kiwassa, the Catholic Women's League, the Rebekahs, the Royal Purple, the United Church and members of CARS executive.

Good wishes were extended to the physiotherapist, Miss Hazel Southard, who is taking leave of absence for a trip home to Britain. During her absence, the work

CADET OUTING

SUMMERLAND — Capt. A. K. Macleod and about 35 Summerland high school cadets were on a cadet scheme recently when they camped near the Coldstream at Vernon.

Part of the trip was made in army vehicles.

will be carried on by Miss Tui Gibson, a New Zealand physiotherapist now in the employ of CARS.

LIONS HOLD INSTALLATION

W. T. "Wes" Henders was installed president of the Penticton Lions Club at installation ceremonies held aboard the SS Sicomous last Thursday.

Other officers installed by W. "Bill" McKenzie of Vernon, were Lyle Brock, first vice-president; Jack "Scotty" Thomson, second vice-president; Roy Hotson, third vice-president; Ted Leaney, secretary; Roy Brown, treasurer; Leo Bauer, Tail Twister; George Swann, Lion Tamer; directors, Jim Hendry, Pete Suter, Jim Fleming and Jim Cooper.

Twenty-two Lions were presented with perfect attendance pins by Pat Moen who, as retiring zone chairman, was recipient of a gift from the club.

Regret was voiced on presentation of the past president's pin to Stuart Whyte that business necessitated the Whytes leaving Penticton.

Extent of the Lion movement was emphasized by Roy Hotson in moving the toast to the Lions' International when he pointed out that Lionism exists in 58 countries. There are 10,000 clubs and almost half-a-million members.

Toast to the ladies was given by R. W. "Dick" Geldreich and reply was made by Mrs. Hotson.

Your eyes will seem larger if you apply mascara to the tips of both the upper and lower lashes. If you put the mascara too close to the eyes, they will appear smaller.

SUMMERL'D SCHOOL AUDITORIUM SCENE OF CLOSING EXERCISES

SUMMERLAND—The auditorium was full to capacity for closing exercises of the MacDonald elementary school on Thursday afternoon at two o'clock. About 515 attended the school this year.

S. A. MacDonald, the principal, was chairman and Ross McLachlan represented the school board, speaking briefly to the audience and presenting the honor rolls.

Honor rolls were won as follows: division 1, H. V. Stent, proficiency; Ebba Richmond, citizenship; Grace Johnson, attendance; David Smith, Clifford Perritt, Leonard Derosier, Allan Howard, Ronnie Margaret, Greenslade, Lorne Charles; division 2, F. E. Weeks, proficiency; Wesley Schindler, citizenship; Stuart Bruce, attendance; Ken Beggs, Dianne Hannah, Dale Ketter, Bruce Rennie, Richard Milne, Phyllis Young; division 3, Mrs. George Kramer, proficiency; Linda Wilkin, citizenship; Barry Piers, attendance; Timmy Perritt, Murray McArthur, Lynn Dronsfield; division 4, Mrs. B. A. Tingley, proficiency; Marjorie Brake, citizenship; John Lott, attendance; Pat Kennedy, Maureen Keys, Ronald Bangma, Robert Pecker; division 5, Mrs. M. K. MacRae, proficiency; Teddy Burdon, citizenship; Dorothy Watson, attendance; Freda Bangma,

Diane Bonhoux, Betty Clark, Margaret Graham, Mona Inaba, Lorraine Egely, Russell Bleasdale, Dick Dunsdon; division 6, Mrs. Alfred Johnston, proficiency; Donna Powell, citizenship; Ronald Embree, attendance; Fred Biello, Howard Oxley, John Oxley, John Myers; division 7, Miss Ruth Dale, proficiency; Anthea Morgan, citizenship; Rodney Kilback, attendance; Ann Downton, Donna Laidlaw, Allan Reid, Walter Rutech, Karen Sagmoen, Shirley Wendell; division 8, Mrs. Alex Kean, proficiency; Dorothy Arase, citizenship; Bruce Gately, attendance; Johnny Gronlund; division 9, Miss Irma Arndt, proficiency; Linda Smith, citizenship; Billie Metters, attendance; Ralhard Boehm, Wes Campbell, Marjorie DeWitt, Theresa Faasse, Bruce Hallquist, Ann Lemor; division 10, Miss Mary Fast, proficiency; Neil Mason, citizenship; Linda Bell, attendance; Freddy Gartrell, Darlene Miller; division 11, Mrs. Hilda Allison, proficiency; Kathleen Barkwill, citizenship; Donna Brandsma, attendance; Richard Bangma; division 12, Miss Muriel Banks, proficiency; Linda Charles, citizenship; Gordon Greber, attendance; Lorne Carey, Leo Derosier, Gordon Dunsdon; division 13, Mrs. E. E. Bates, proficiency; LaVerne Lynn, citizenship; Jean Stevenson, attendance; Barbara Perritt.

Naramata Locals

Weekend guests in Naramata were Mrs. E. Pindar, from Sunderland, England; her brother-in-law, Robert Hamilton, his son, Leslie Hamilton, and Mr. and Mrs. James Scott with their two children, all from Vancouver.

Members and adherents of the Naramata United Church will join the students and staff of the Leadership Training School at their Sunday morning worship services for the months of July and August beginning next Sunday at 11 a.m. The services will be held at the outdoor chapel on the lakeshore adjoining the school. The United Church Sunday School is also in recess for the next two months.

Miss Kay Thorpe, of Princeton, was a weekend guest at the home of Mr. and Mrs. J. D. Reilly. Also making a brief stay early this week with Mr. and Mrs. Reilly were Mr. and Mrs. Robert Cotter and daughter, Wilma, from Edmonton.

Two 1954 graduates of the Leadership Training School were visitors in Naramata this week. Miss Beth Bingham, who has been teaching school for the past term at Ahousat, Vancouver Island, visited here briefly en route to her home at Waterloo, Ontario. Miss Kay Hurlburt, who has been lay minister at the United Church in Coleman, Alberta, spent from Sunday until today

here. She left today accompanied by Miss Ruth Simpson, former Dean of Women, for Oregon where they will attend the ten-day session of Camp C.F.O.

Miss Lila Dicken, who has been with the teaching staff of the Creston elementary school, is spending the current week in Naramata with her parents, Mr. and Mrs. J. S. Dicken, prior to leaving for Banff where she will attend the summer session at the Banff School of Fine Arts.

The Women's Association of the Naramata United Church will meet at the home of Mrs. James Gawne next Tuesday evening. Plans for the annual summer social will be discussed at that time.

Mrs. Del Fossen and children, Jeanie and Gary, have arrived from Ocean Falls to spend July and August visiting the former's mother, Mrs. Fred Heall, and other relatives in Naramata.

St. Peter's Anglican Church Sunday School is in recess for the summer months and will reconvene in September.

Miss May Sandercock, R.N., from Victoria, will be installed Dean of Women of the Leadership Training School at the Sunday morning church services to be held at the outdoor chapel on the lakeshore adjoining the school.

Education Minister Calls Parley On Municipal School Cost Set-Up

Education minister, Ray Williston, has told the municipalities of B.C. to be ready to appear before him within the next few weeks to discuss plans for a new education finance set-up.

Union of B.C. Municipalities' executive director T. R. B. Adams at the conclusion of the quarterly meeting of the Okanagan Valley Municipal Association held at Coldstream recently stated Mr. Williston had said he would be calling on UBCM to send a delegation to Victoria to discuss a new formula.

Mr. Adams' statement is calculated to cause a flurry of activity among the mayors and Reeves, aldermen and councillors not only of the Okanagan, but of the entire province in view of the proportion of the annual civic tax income devoted exclusively to financing education.

Mr. Adams said he was asking municipalities to consolidate their thoughts on the subject and only hope we can have some definite ideas by the time we meet in convention.

But concerning Mr. Williston's proposal, Mr. Adams was not too optimistic.

"I would doubt myself that any government, I don't care who it is," he said, "would be prepared to make public a new basic government policy, well before its own house is in session."

Up to the present, UBCM has been advocating adoption of the Hobbs' formula which provides for the government to bear 80 percent of the cost of education, the municipalities 20 percent, with the councils giving up their share in the five percent (formerly three percent) Social Services Tax.

Summer Courses At Naramata Christian Leadership Training School Attract Many Students

NARAMATA — Approximately 100 persons will converge in Naramata this weekend to participate in the first of the summer school courses at the Christian Leadership Training School. Of this number 70 are adults, 15 children and the remainder leaders, lecturers and instructors.

Coming from across Canada, as far east as Toronto and west to Skidgate Mission, Queen Charlotte Island, the visitors will either be in residence at the main school building or in one of the 22 family cottages adjoining the school. The majority of registrations for the course, which starts Saturday and concludes July 16, are from British Columbia and Alberta.

Rev. W. E. Burgess, Ponoka, Alberta, will be lecturer for the Bible course; Mrs. W. Acton, Drumheller, Alberta, will instruct leaders in nursery-kindergarten work; Mrs. Frank Patterson will come from North Vancouver to give a course in primary leaders' training and Frank Hughes, of Vancouver, formerly of Naramata, will lecture on "How to be a Superintendent."

Director of the first summer session will be Rev. Clyde Woolard, vice-principal of the leadership school.

The rapid expansion of the school, established in Naramata seven years ago to train leaders in the Christian way of life, and which has Rev. R. A. McLaren as principal, is an illustration of what can be accomplished when a vision is united with unwavering purpose, co-operation and untiring efforts of a leader and others who have faith in an objective.

Developing from one small school room, fundamentally a craft shop, the training centre now embraces the large school proper with its student dormitories, administrative offices, study and class rooms, large common room, dining room, kitchen, craft shop, printing shop, play room, suite for the Dean of Women and various other accommodations; the principal's and vice-principal's homes and the 22 family cottages. These new and modern buildings are surrounded by more than 10 acres of wooded areas touching the shores of Lake Okanagan.

A play centre, "Child's Garden," prepared for children accompanying their parents to the school, is one of the beauty spots near the main building and was completed last year. There is supervised care for the kids here with play equipment and a large playhouse fully furnished. Cedar picnic tables and benches are provided for outdoor dining.

The latest innovation at the Christian Leadership Training School is the addition of 13 new cottages which are just completed and ready for occupancy when the family groups arrive this week.

Beautifully constructed the cottages have been erected chiefly through voluntary efforts, some student employees and one qualified contractor, Jack Shaw, from Alder, Alberta, who assisted the first month the cottages were being built. Various women's groups from churches across Canada have contributed funds to help defray the cost of the new cottages which are valued at \$32,000 and were built in two months.

Many valuable donations of materials and furnishings have been made to the school. Mr. McLaren, in referring to the contributions stated that "The response by people in all areas with gifts of lumber, plumbing, electrical appliances, nails, furnishings and window glass has been overwhelming. The furnishings of the cottages alone are valued at several thousand dollars and many gifts assisted here to make this possible," he concluded.

The new group of school cottages will be known as "East Court" to distinguish them from the "Cottage Court" group of nine erected some time ago.

As this latest project nears completion Mr. McLaren and the school managements are looking forward to the next undertaking. Tentative plans are currently being made to build a pier on the lakeshore adjoining the principal's residence as an additional attraction to the beautiful beach where the barbecue and chapel are located.

More than 3000 housewives in Stuttgart, Germany, ask for information over the telephone every day about cooking recipes.

Rainy lake and Rainy river in northwestern Ontario were discovered by the Frenchman Jacques de Noyon in 1683.

Summerland Reeve F. E. Atkinson Reviews Work Done By Council

SUMMERLAND—Reeve F. E. Atkinson has instituted a semi-annual review of council work, and at last week's meeting presented a summary of the activities of the past six months in all departments.

He proposes to make another such scrutiny at the end of December.

Copies were made for each councillor and in this way a look may be taken at projects completed and work yet to be done.

It was noted that the Jones Flat pressure pipe which was put in this year as the first move in pressuring the municipal irrigation system was completed well within the financial estimates, and that ten acres were removed from the domestic system because of it.

Ten applications of the 70 needed have been received for domestic water in the Trout Creek area, it was learned when this matter came up for discussion.

The possibility of installing capacitors for large power users is being investigated, and mention was made that there had been no response to council's suggestion that industries at the foot of Hospital Hill share in costs of extra fire protection.

Approval was expressed at the

work of the Parks Board in the Peach Orchard cemetery where the north side has been laid out with cement curbing and the grave sites marked with iron pegs. A good plan of this area and the older part of the cemetery has been prepared by Gordon Jones, draftsman.

Good progress is being made with civil defence which is still in the formative stage, and a plan for financing capital expenditure has been placed before the Summerland Hospital Board, the summary stated.

Considerable planning has gone into the blacktopping program for 1954 and this program is just getting started.

SIDEWALK WORK

SUMMERLAND—Summerland municipal council meeting passed a resolution to establish the grade for the road and sidewalk at the school corner at Granville street and Rosedale avenue and authorization to proceed with construction of the sidewalk was approved.

The sidewalk will be taken around the corner and part way on Rosedale avenue.

A new approach to the famous Barney Stone has been completed enabling visitors to salute it conveniently and gain the famous magic of its touch, according to the Fish Tourist Bureau.

BY SID GODBER

Sambo Drossos has walked into a mess of troubles since taking over management of the Athletics. Loss of Ted Bowsfield was a calamity, but it was expected, and Sambo remained serene with two pitchers left to carry the load. Then Wendell Clifton was lured to Oliver and the three-man pitching staff with which Sambo opened the 1954 OMBL season dwindled to one. One hurler isn't enough to hold the fort. Kamloops tried it with Len Gaten, and got nowhere — so, from somewhere, Sambo needs to dig up at least one more player with a good arm. Maybe, if the squeeze on the A's becomes excruciating, Les Edwards will get up out of that big easy chair of his and burn a few across the plate for Sambo and the Athletics.

Weather hasn't helped out baseball in these parts so far this season, but the seniors should soon be settling down. Teams are nicely bunched and it could be quite a pennant race.

It's hard to believe but there are vacancies on the Little League farm club teams. I can understand youngsters being disappointed at not making one of the four Little League teams but there's another season coming up and it's the farm teams from which Little League players will be chosen. Anyway, the opportunity to play organized ball should be attractive enough to draw the youngsters — maybe it is true that we're developing into a nation of spectators.

No point in bemoaning the old days when kids scrambled for the opportunity of playing team games. Then sport was the major attraction, but today kids have so many other ways of filling leisure hours that vacancies on the Little League farm teams are a sign of the times. It's up to parents to channel their youngsters into sport.

Okanagan Senior Amateur Hockey League is keyed up for a new season with the king pins of the respective teams, the coaches signed up, or about to be signed up. No official announcement, at this writing, from the Penticton executive, but my big ears caught a whisper to the effect that Grant Warwick and the executive had come to terms. Maybe Grant hasn't inked the contract yet, but that, as I understand it, is just a matter of form — I doubt if anyone is surprised.

So, with Grant Warwick for the V's, Phil Hergesheimer for the Kamloops Elks, George Agar with Vernon and now up comes the Kelowna Packers with Alex Shibicky, late of the New Westminster Royals, the OSAHL looks in for a good season of competitive hockey. Friend Shibicky has moved into fast company. I imagine his appointment will be well received throughout the valley, although I, for one, wouldn't have felt happy about it if Hergesheimer hadn't got himself a spot in the league.

Rivalry between the Hergesheimer-coached Kamloops Elks and the Shibicky-coached Kelowna Packers is likely to take on the intensity of the Packers, V's feud.

Penticton hockey fans are loyal — that was a great turnout at the arena the other night for the presentations. Affair itself was, in my opinion, a little off the beam. A stranger within the gates would have been hard pressed to recognize who were the guests of honor, members of the City Council, Parks Board, or the Penticton V's. The guests of honor were at least entitled to seats on the platform, but council and parks commissioners sat in their dignity while the joes who won the Allan Cup stood around behind the dignitaries looking as if they didn't belong. I also thought there was lacking a sense of the fitness of things in the manner in which the city's gifts were allocated. The wrist watches, nifty timepieces they are, should have been strictly for the players, the boys who got down and dug on the ice to bring honor and glory to Penticton and who, incidentally, earned in playoff extras for the taxpayer about twenty fold what it cost the city for the watches. Further, more, if at one end of the scale it was okay to give the hockey president a watch and then, at the other end, the young mascots, assistant trainer, trainer, etc. — then it seems that the hard working executive was also entitled to a share of the loot. As it is present, Clem Bird is hanging his head when he meets others of the executive. A lot of heart burning would have been avoided by confining the watch presentations exclusively to the players and such a procedure would have enhanced the value of the watches in the eyes of the recipients. I suppose it isn't good form to look a gift horse in the mouth, but I don't think this business is over and done with. Other clubs have won the Allan Cup more than once, and who is to say that history won't repeat itself with the V's and then there'll be another presentation and so, the mistakes this time are to be noted for avoidance next time.

Proudest of all on the platform, presentation night, was George Cady. George not only received the coveted CCM gold boot and silver skate, as manager of the team, he also picked up an engraved cigarette case and lighter, a gift from the players.

Could be that coach Grant Warwick will have to do some shopping around after all. Understand that Ron Montgomery has got a year-round job on the PGE and is happy with his Allan Cup memories and life in the Cariboo.

Four Teams Meet For Knockout Tournament Here

Tomorrow is the big day for baseball fans in these parts.

The Dominion Day knockout tournament gets underway at King's Park with four teams battling for big prize money.

The tournament starts in the afternoon with two games, the first at 1:30 and the second following immediately — which probably means around four o'clock. And the four teams included in this double-header are Penticton, Summerland, Kelowna and Oliver. The two surviving clubs meet at 8 p.m. under lights, in what will be a big climax to a great tournament.

The draw for who meets who will not be made until the last moment, and it is not known exactly who will be pitching in these games. One can feel pretty sure of a couple of pitchers, though. The local side will have to put Jordan on the mound at some stage of the tournament. And Oliver no doubt will produce Wendell Clifton, the transplanted Pentictonite, who followed the money trail to Oliver.

It has been rumored that A's will bring up one or two junior men to leave for them. Getz is a strong possibility for the job. Penticton is woefully lacking in mound strength right now.

Cancel Dominion Day Golf Tourney At Local Links

The Dominion Day golf tournament which was to be held in Penticton on July 1 has been cancelled. During the past few years participation in this tournament has not been what it should and it is felt by the executives that July 1 is not the day to hold a tournament of this nature.

A meeting of interior golf clubs was held today at the Allison Hotel, Vernon. The purposes of this meeting is to discuss and better organize interior golf tournaments.

F. D. Burkholder, of Kelowna, and Les Patterson, of Kamloops, zone representatives of the B.C. Golf Association attended the meeting. It is felt that interior golf tournaments will be more likely to succeed in the future. A ball sweep will be held at the local club tomorrow, however, and in the evening, weather permitting, some interesting golf films will be shown outside the clubhouse. These films will be especially interesting to juniors and beginners but all are welcome. Other films of last year's ladies' interior golf championships and "the Vee's Story" will be shown.

Men members are reminded of the deadlines for the club championships, first and second flights: first round, July 15; second round, July 31; third round, August 15; final round, August 31. Entry fees of \$1.00 may be paid to Ron Jamieson or Dave Stocks, before the first match.

Lake Okanagan is short one large trout today. Fisherman Rasmussen caught an 11.2 pounder Tuesday, two miles up the lake from Penticton.

THE LONG AWAITED presentation night of the Penticton and District Commercial hockey league held June 22 aboard the SS Sicamous, marked the final item in another successful year of the four team loop. Summerland team again won the league championship and the emblematic Herald Trophy. Shown above, centre, Gordie Taylor, captain of the Summerlanders, holds the coveted award. On the left is George Stoll, coach-manager of the winners who came forward to take the Dupont-Moore trophy for Dick Steinger, winner of high scoring honors during the season. Popular choice for the league's most valuable player, Don Moog, V's spare goalie and net custodian for the Merchants, is shown with the Bryant and Hill trophy which goes with the award. See story in this section. Morrison Photo.

A's Beat Princeton Boys By Being Outfumbled

It's happened again in the OMBL — This time King's Park was the scene.

They scheduled it as a "baseball game." It turned out to be a test of the spectators' anatomical fortitude as it lasted for something like three painful hours. Thirty-three runs on 30 hits was the game's grand total. And the score is no indication of the play, because nothing could be an indication of the play last Thursday night — you'd have to see it to believe it.

The A's collected 19 runs on 16 hits while the Princeton team scored 14 on 14 hits. Yet in the first, second, third and ninth innings the Royals only crossed the plate once on a total of four hits. What happened in between? Thirteen runs on 10 hits, that's what — in four innings of play. The Athletics failed to pick up a hit or a run after the seventh. They didn't need them, of course, but their 19 runs and 16 hits all arrived in seven frames.

In other words Penticton didn't really win this game, though the Princeton Royals did lose it. The only winner was a pencil factory — it was reported that the official scorer used up several dozen pencils, and a few erasers, as he valiantly tried to record the game on paper.

Big man for the local side was Gordie Jones, who went three for five for the night. Two of his hits were four-baggers — in the first inning he poked a mighty 350 footer over the right field fence with a man on base, and in the fourth frame just eased one over the left field boundary to start a four run inning. Posnikoff and pitcher Jordan each had a good, if unusual, game. The big third sacker was three for five at the close of the game, with a homer in the third, a single in the fifth and double in the seventh that put two men home.

The unusual angle occurred in the sixth when Posnikoff took over from a thing Jordan on the mound. Up to that point Jordan had gone nothing for two at the plate. Larry replaced Posnikoff at third and proceeded to smash a run scoring double in the sixth and a powerful home run in the next inning, scoring George Drossos from first. Jordan makes a pretty fair third baseman 16 seems. Drossos had a good evening, getting on base five times in six trips. He was walked, three (count 'em) times and struck out once, for a two for three record. Preen batted .500, connecting twice and striking out the same number of times; his long double in the second scored two runs. Princeton's local hero, Mr. Coocone, ended up top dog for the visiting crowd. In six trips to the plate the lanky fellow connected four times and batted a run-scoring sacrifice. Not bad going for a kid still in high school.

The Royals' Sidon went two for four, but was walked. (Continued on Page 6)

Shibicky Signs Three Year Term Coaching Contract With Kelowna

KELOWNA—Alex Shibicky, 1953-54 coach of New Westminster Royals, was signed here at noon Saturday to a three-year contract as non-playing coach of Kelowna Packers, of the Okanagan Senior Hockey League.

The 40-year-old veteran of eight years in the National Hockey League with New York Rangers fills the spot left vacant by Phil Hergesheimer, who was recently dropped by the new club executive and is now to coach Kamloops Elks of the OSHL next season.

One of the reasons given by the executive in not renewing Hergesheimer's contract was that Packers wanted a playing coach, but the decision Saturday negated this.

Club officials were jubilant over the move, which took place with club president Grant Bishop, secretary Don Clark and executive member Wally Bennett present for the signing.

PRICE NOT DISCLOSED

Price paid Shibicky was not disclosed by the executive.

Born in Winnipeg, the new coach started in hockey in 1934, playing in midget, juvenile and junior ranks against Hergesheimer, then moved to Philadelphia Flyers the next year, then on to the Rangers.

After a three-year stint in the Canadian army, Shibicky returned to New York in 1945, went to New Haven a year later, and joined New Westminster for the 1948-49 season.

In 1950, he joined Flin Flon Bombers in the junior league as coach, a team which included Packers' Joe Connors. He returned to coach New Westminster last season, and secured his release from Kenny McKenzie recently, in order to clear the way for a move to Kelowna.

PLANS OWN BUSINESS

Shibicky is married, with two children, and plans to start his own business here when he brings his family to Kelowna in the near future.

Club president Grant Bishop described Shibicky as a "wonderful coach" and one who "has a lot of contacts."

YACHT CLUB MEETS

A meeting of the Penticton Yacht Club has been called for next Wednesday evening at eight o'clock in the Valley Hotel reading room.

Club president Russ Upshall stressed the importance of attending this meeting as it will concern itself with reorganization of the club and laying of plans for a spirited membership drive.

The park from Lakeshore Drive. Saddle classes and children's horsemanship begin at 10 in the morning and following the noon parade a full agenda of jumping, relay bending, tent pegging and other action events will take place.

Six other clubs from the valley will participate, including two new clubs. The Similkameen Horsemanship club and the Naramata Trail Riders group, both formed this spring, will be competing under their own colors for the first time here.

Another first for the eighth annual show is a team of riders and mounts from across the border. A team of five, representing the Brewster, Washington, riding club will compete for the first time here. Because of the big fourth of July celebration in the U.S., riders have previously declined invitations to come here July 1.

With the show events scheduled for the morning session, the "action" part of the big day will get under way in the afternoon, starting with a colorful parade of riders from Queen's Park at 12:30. The parade will move down Wade avenue, turn north on Main street and proceed back to

Correction

Incorrect information given to the Herald in regard to the international golf match held annually between Omak and Penticton golf clubs resulted in an error in last week's report of cup donations.

The trophy for the ladies competition, a beautiful rosebowl, was donated by Don Lange, Jewellers, Penticton. In error it was reported the Omak-Penticton inter-club ladies prize was given by Madeline Arsens.

Ladies Complete First Half Of Golf Schedule

A roundup of ladies golf action the last week or two shows the gals carding some good scores in the various competitions. There was a good turnout for the June 17 qualifying round of the Robertson Rose Bowl, for golfers with a one to 24 handicap. Zella Latimer took top honors with a net 74.

Thursday wound up the ladies' golf for the first half of the season with 33 golfers taking part in "monkey golf." It was an hilarious time that saw F. Latimer, M. Syer and E. Cooper emerge with a score of 58.

Mrs. E. Cooper, Mrs. J. Marlow, Mrs. E. Lawson and Mrs. S. Flemming served tea in honor of Joan Campbell, interior golf champ, Evelyn Johnston, Ina Guile, and Maureen Joplin, winners in the Kamloops interior tournament. Corsages were presented to them by acting president Madeline Arsens.

During July and August, nine-hole rounds will be played Thursday mornings, starting at nine o'clock. In view of the cancellation of the men's tournament Dominion Day, the ladies urge their members to make a special effort to participate in the Thursday golf.

The Martin Cup, competed for during the season, was won by Ina Guile, the defending champ. First flight winner was Evelyn Johnston. Frances Latimer won the second flight and the consolation event was won by Billy Jamieson.

700 Youngsters Start Swim Classes Here July 5

Oliver Wins And Ties Against Haney In Thrilling Sunday Series

The Oliver OBC's pulled a real Frank Morrell classic here Sunday, as they edged the visiting Haney crew 10-9 in the first game of a twin bill, and tied them 2-2 in the night game. It was just like a movie plot, as in the first contest, the locals sent five runs across the plate in the last of the tenth to crush the travelling nine.

Oliver opened the scoring in the second inning when Frank Fritz singled to centre field and scampers home as Sibson grounded to second base. But Haney roared back in the fourth stanza to climb on starting hurler Bob Radies for four big runs. Johnston scored him with a triple against the centre field fence. Baz Nagle came through with a sharp single past the bag at third to score Johnston. Harnbourne followed with another single. A sacrifice and a walk filled the bases, and set the stage for Bill Martino who came in to relieve Radies. Another sacrifice, another walk, and an error to Sibson scored two more runs to close out the frame with Haney ahead 4-1.

The locals fell another run behind as their opponents tallied when Ritch "Spider" Snider muffed a throw to let Johnston score again. However, in the bottom of the fifth, the OBC's ran wild on the basespaths to get three markers on only one scratch

all that are necessary. Envelopes are available from Cliff Hultgren, secretary of the local fish and game club.

Opening this week at Lower Summerland is the Char-Lee Boat Rental, operated by Miss Betty Green. If the fishing is poor you can always come in and talk to Betty over a bottle of pop at the concession stand which she runs. Driving from the south, the concession is the last on the right before sharp left turn to the business district. For boat reservations phone Summerland 4562.

Report is that Bruce Cousins and friends were in to Fish Lake (Cunkle Lake) down Bridesville way and had very good fishing.

The only news from Okanagan and Skaha Lakes is the fishing is only fair but is still a good bet for a few hours' trolling.

Chute Lake is still quite good but so far no tackle busters have been taken.

Don't forget the general meeting of the Penticton Fish and Game club, to be held in the Legion Hall, Monday, at eight o'clock. Guest at the meeting will be Dave Hearn, manager of the Summerland Fish Hatchery, who will give a short talk and is prepared to answer questions. This is the last meeting until September, so make a special effort to be present.

An inquiry was received from a reader of this column in Victoria who is coming to Penticton this summer on a fishing trip. We hope that the true reports of the fishing will attract more visitors. Do your part — phone in your story Monday morning — 5707.

Oliver's third was choked off in the bottom of that frame when first baseman Harnbourne pulled the old hidden ball on Snider. The game was called at the end of seven, leaving the teams in a 2-2 deadlock.

Haney 100 001 0 — 2 5 3
Oliver 000 200 0 — 2 2 3
Nagle and Stewart; Clifton and Sibson; HR—Coy.

Haney opened the scoring in the initial frame. Carr was hit by a pitched ball, and retired for a pinch runner. The latter went to second on a passed ball, and scored on a single by Nagle.

Nagle hurled perfect ball, retiring ten in a row until he gave up a 390-foot circuit clout to Don Coy in the fourth inning. Snider, the next hitter, scored the go-ahead run by getting on from a shortstop error, stealing second, and coming all the way home when catcher Stewart tossed the ball into left field.

In the top of the fourth, right-fielder George Cruicet had saved the day for Oliver with two great plays in the outfield. First he chased Harnbourne's fly to deep right-centre and made a running leap to catch to rob the hitter of an extra-base blow. The next batter, Minty, dropped a fly into right, but was thrown out at second, trying to stretch his hit to a double.

Haney pushed across the tieing run in the sixth as leadoff hitter, Walker, unleashed a triple against the fence in centre, and scored as Snider let a throw go through him to the screen.

Oliver's threat was choked off in the bottom of that frame when first baseman Harnbourne pulled the old hidden ball on Snider. The game was called at the end of seven, leaving the teams in a 2-2 deadlock.

Haney 100 001 0 — 2 5 3

Rotary-Red Cross Class Far Larger Than In '53

It's the 'biggest swimming class ever for the kids from six to 16. Free swimming classes are again being offered by a joint Rotary and Red Cross enterprise, starting on Monday, July 5 on both lakes.

Mrs. Harold Donald will be in charge of the youngsters, assisted by instructors Sandra Cardinal, Chloe Cardinal, Kay Owen and Norman Tribe, all well qualified for the job. While the Rotary Club is financing the program, the Red Cross has looked after the training of the instructors. The latter will also be in charge of the tests when the children are ready to try for their swimming certificates.

Any youngster in Penticton and district is eligible for these classes. And that includes any visitors to the city even if they only intend staying a week or so. The only requirement is that the trainee be in the age group mentioned above.

When asked to comment on this Rotary-Red Cross project, Mrs. Donald said, "We are always glad to welcome boys and girls at our classes. We have almost 700 enrolled now, which should provide some competition."

She added, "There is lots of water in British Columbia, so every person should be able to swim. It isn't enough just to learn a few strokes and then stop learning. We must become strong swimmers, thus helping ourselves and possibly others."

Swimming certificates are to be presented to successful pupils of more than one swimming standard. Mrs. Donald said that the entire project is to be run on a four-level basis.

Firstly there are the beginners who have to be able to swim a definite distance and "tread water" for a certain length of time before the beginner's certificate is handed to them. Mrs. Donald warns that there are no half measures about the business; certificates will not be handed out unless a specified standard is arrived at by the trainee.

From the beginner's certificate a pupil can advance to the next stage, the juniors. This group demands more than just the basic swimming procedure required by the former. From the junior grade one proceeds to the intermediates. This class is just what the name implies: a class that has left the lower bracket but is not quite up to the highest standard.

"Finally there are the seniors, and to receive the senior certificate Mrs. Donald said 'they have to be pretty good'." To illustrate, here are two of the senior requirements: 1) Swim 300 continuous yards, 100 in backstroke, 100 in breaststroke and the other 100 yards in the crawl; 2) know a fair amount about lifesaving.

There's many a seasoned adult swimmer who couldn't lay claim to having mastered these requirements. But it is hoped that every adult, good swimmer or otherwise, sees the value and importance of having their children at least making the attempt to achieve this standard. Apart from the vast pleasure gained

REMEMBER THIS SCENE? Twelve months ago Rotary teamed up with the Red Cross to give 550 local youngsters a two-month swim class, completely free of charge. The above photo, taken last year on Lake Okanagan, shows a group of kids practising proper arm style. The enthusiasm of last year's class will be a typical beach scene at both lakes this year. At least 100 youngsters more than last year's record turn-out have enrolled for this year's classes.

The T. Eaton Company has donated \$50 to assist the promotion of Little League in Penticton. Tim Odell, local manager, handed the cheque over to Little League president Frank Miggins on Tuesday. At the same time, Kiwanian Jack Young gave Little League a cheque for \$25 and Bob Pollock followed suit with a cash donation of \$10.

Keremeos Little Leaguers To Play In Memorial Park

Keremeos Little League has just arrived in Keremeos. Everybody in the town is excited over this new event in the community's sports history. Particularly enthusiastic are the youngsters themselves, as well over forty "big leaguers" to be turned out to the first Little League practice.

Several people have offered their services to coach and otherwise be responsible for the Little League organization. World War II Memorial Park will be the site of the Little League games. This park was created by the people of Keremeos who expended considerable effort, not to mention money, in converting this land adjacent to Victory Hall into a baseball and picnic park.

It is estimated that something over 30,000.00 North American hunters and fishermen take the field each year, spending a staggering two billion dollars on their sport.

Soccer To Return After 30 Years' Absence In City

Penticton will soon witness the resurrection of something that died a long time ago. Soccer is back in town after an absence of about 30 years. Soccer, the most popular game of all time. Every country in the world plays it to some extent, and most countries consider it their national sport. Now one of the greatest little sports centres in Canada is on the point of reviving the game.

Two meetings have been held and 38 soccer enthusiasts have signed up, around 25 of whom are potential players. As a soccer team is composed of 11 men, Penticton at least has enough material for two teams, to be started, though the ground-work is still being laid.

At Monday night's meeting it was agreed that members pay \$1 so a soccer ball could be purchased — that is the first step, to get a ball. Soccer equipment such as boots and clothes (particularly the former) is the next item to look for. Mr. Preen said, "If only we can get people who have any soccer equipment in their attics to donate it to us, we will have partially overcome our biggest lack: money to buy the things we need."

A place to play soccer, once the teams and the equipment have been gathered, was the next problem to contend with. A meeting was held with the parks board in this regard, and it was agreed that a certain section of Queen's Park was to be the soccer site. The board authorized this particular ground to be fixed up for the soccer pitch.

Good competition is always available for any soccer team in Penticton. Kelowna, Vernon and Salmon Arm have teams, and there is a good possibility that Princeton and Summerland will get into the act soon. Inter-city games will probably not start until the fall, as there is so much ground to cover. But things are moving along at a respectable clip and when Indian summer rolls around local fans will probably see a round leather ball being booted about down at Queen's Park.

Alf Preen particularly mentioned the development of high school soccer. It is played a little today, but arrangements will probably be made to see if it can be increased considerably. A good high school soccer league would go a long way towards providing the necessary young blood for the senior teams. With the interest of the teenagers assured it would only take a few fund-raising bingo games and the help of a handful of officials to make soccer here a really thriving enterprise.

Honor V's

(Continued from Page 4)

Spirit of the V's is held in Trill, amply demonstrated in that Kootenay city during the B.C. finals, came from the Trail Smokeeaters' hockey club. Because of the final series against Sudbury, the V's borrowed the black and gold sweaters from the smoky city squad. The V's brought glory to the colors and in a gesture of true sportsmanship they were presented to the Penticton team Wednesday.

This is the second time those colors have carried off the Allan Cup for it was in 1938, the last time the big mug rested in B.C. Trail themselves brought the national honor to this province. George Carly, colorful manager of the V's, received recognition from the players in the person of Dick Warwick who presented the worry man of the club with a token of their appreciation.

Preceding the ceremony, attended by the Mayor and City Council, the Parks Board and the Peach Queen, flanked by her two princesses, the Peach City Promoters gave a highly entertaining display of square dancing. Menlo, dancing rounded out the evening.

Track Meet

(Continued from Page 5)

The Canadian Native record for the distance race is 14 minutes, 34.8 seconds, and was set by Harris' team-mate Doug Kyle. Pete was gunning for this record but the wet track was too much for him. He set the commendable time of 14'46.3", though, only 12 seconds slower.

Following are the results of the June 20 track meet. The first three places in each event are mentioned, with the time of the winner only included. At the end of each group of names is the meet record, placed in brackets.

Shot put — George Hills, Jr. (Vanc. Olympic), 41 feet 8 1/2 inches; Ray Fletcher; Lyle Garby; (49 feet 7 1/2 inches).

Discus — Ed McKillop, 140 feet 0 inches; George Mills; Ray Fletcher; (143 feet 7 1/2 inches).

Pole Vault — Nurni Hansen (Vanc. Olympic), 12 feet 5 1/2 inches; (12 feet).

Men's High Jump — Jim Patterson (Trail), 5 feet 10 1/2 inches; Dave Blaire; Frank Lewis; (5 feet 11 inches).

Women's High Jump — Carol Butler (Victoria), 4 feet 5 1/2 inches; Maurie Betts; Marilyn Johnson; (5 feet 1 inch).

Men's Broad Jump — Stafford (New West.), 21 feet 11 inches; Chris Slevens; Monk (Vernon); (19 feet 9 inches).

Jr. Girls' Broad Jump — Carol Irwin (IBEW), 15 feet 8 1/2 inches; Myer; Peterson; (15 feet 6 inches).

Women's Broad Jump — Mary Van Dale (Vanc. Western), 16 feet 1 1/2 inches; Tjader; Watkins; (16 feet 2 1/2 inches).

100 yards, Open — Garby, 4'32.6"; Matson; Parnell; (4'27.9").

100 yards, Open — Nelson (N. West.), 9.9"; Springbett; Hutchinson; (9.9").

440 yards, Open — Ted Whan (Victoria), 51.1"; Fandrich (Vernon); Nursey; (50.7").

100 yards, Boys — (tie) Jerry Moulds (Vanc.) and Yakimovitch (Vernon), 10.4"; Haeggert; (10.2").

220 yards, Open — Bruce Springbett (Vanc. Arctic), 22.5"; Hutchinson; Kennett; (22.6").

60 yards, Girls — Sally Knight (Vanc. Western), 7.4"; Osterhot; Irwin; (7.3").

440 yards, Boys — Moulds (VOC), 54"; Tartaglio; Richards; (51.5").

880 yards, Open — Doug Clement, 1'58.7"; Jim Hamilton; Parnell; (1'59.8").

440 yards, Women's Relay — IBEW, 51.4"; Vanc. Western; Can. Arctic; (50.2").

880 yards, Open Relay — Victoria, 1'33.3"; Vernon; Vanc. Western; (1'32.4").

A's Beat

(Continued from Page 4)

In the seventh and hit by the pitcher (one of Posnikoff's first flings) in the sixth, he made it to home plate several times that evening, though one of the runs was of a somewhat unskilled calibre. He and Anderson scored in the seventh frame on a weird sort of triple by Princeton's Bay. It would be a waste of time to elaborate on the play — and almost impossible, too — but the A's suddenly erupted in a mad fit of errors and bumbles of every description. Bay shouldn't even have got to first, and both the runs he "scored" were unearned, to say the least. Princeton used three pitchers in all. Beal started the parade in the third and Currie replacing him in the seventh to finish out the affair. Strange as it may seem these three men collected an interesting total of 11 strikeouts, which looks good compared to the aggregate of four S.O.'s slung by the two Penticton boys.

In other words the ball game on June 24 was not a pitcher's duel. Neither was it a batter's battle. It was a fielder's war — to see which side could make the most blunders in the greatest length of time.

Interior Lawn Bowling Events Here July 1, 2, 3

July 1, 2 and 3 are red letter days in Penticton lawn bowling circles for on these dates the local club plays host to the Interior lawn bowling championships. Teams from Kamloops, Revelstoke, Salmon Arm, Armstrong, Vernon, Kelowna, Summerland, Merritt and Osoyoos will compete for a long list of prizes.

Games will begin at nine o'clock tomorrow morning and will continue through the next two days. It is possible the final will extend into a fourth day. Refreshments will be served at the clubhouse throughout the competitions.

The list of trophies are as follows:

Grand Challenge Trophy, men's rinks; Vancouver Province Trophy, men's rinks; Vancouver Trophy, mixed triples; Major Angus Trophy, men's doubles; T. J. O'Neill Trophy, men's veterans' doubles; Esling Cup, men's singles; J. Hodgson Memorial Trophy, mixed doubles; A. T. Howe Trophy, ladies' rinks; Whitman Trophy, ladies' rinks; McCulloch Trophy, ladies' doubles; Wilson Trophy, ladies' singles; Phil. Daem Trophy, men's veterans' singles.

Keremeos Downs Cawston To Open Junior Baseball

KEREMEOS — Junior baseball got away to an official start on Friday evening, when members of the pony league, comprising Cawston, Hedley and Keremeos, met at Cawston, with the latter team in competition with Keremeos. A group of interested spectators from both towns watched the game as Keremeos downed Cawston for the first victory.

Following is the program of both the Pony and Little League respectively:

PONY LEAGUE
July 5, Cawston at Hedley; July 9, Cawston at Keremeos; July 14, Keremeos at Hedley; July 19, Hedley at Cawston; July 28, Keremeos at Cawston; July 28, Cawston at Keremeos; Aug. 2, Cawston at Hedley; Aug. 6, Cawston at Keremeos; Aug. 11, Keremeos at Hedley; Aug. 16, Hedley at Cawston.

LITTLE LEAGUE
July 2, Cawston at Keremeos; July 7, Keremeos at Hedley; July 12, Hedley at Cawston; July 16, Keremeos at Cawston; July 21, Hedley at Keremeos; July 26, Cawston at Hedley; July 30, Cawston at Keremeos; Aug. 4, Keremeos at Hedley; Aug. 9, Hedley at Cawston; Aug. 13, Keremeos at Cawston; Aug. 18, Hedley at Keremeos.

Commercial League
Party On Sicamous
Is Great Success

The long-suffering walls of the Sicamous were put to yet another test on June 22. The Penticton and District Commercial Hockey League held its annual shindig on board the veteran, nearly shaking the vessel loose from its cement bed in the procedure.

For the third successive year the Summerland hockey team was there to receive the Herald Trophy, emblem of league supremacy. They hand the cup in then turn around and walk away with it again.

After Clare Baker, league president, had made the Herald Trophy presentation to the Summerland crew, he announced the winner of the coveted "most valuable player" award. Merchant's Don Moog was the man, receiving the Bryant and Hill Trophy for his fine play in goal. As an indication of his hockey calibre, Don was also substitute goalie for the V's this year.

Dick Steininger was called up to take his "top scorer" award. The starry Summerland forward received the Dupont - Moore award for making the lights behind the enemies' goal blink more often than anyone else.

To lend color to the evening Dave Stocks showed some excellent films of the Penticton V's in Allan Cup action. Dave not only was the projectionist but actually took the films himself.

Bringing back further vivid memories of the late Allan Cup battle was a recording of the final minutes of the last game in the Sudbury series.

Dave Roozele presided as master of ceremonies.

Little League
Latest Standings

Could be there's a Little League pattern shaping up. Two teams, Lions and Rotary, are pulling away from the Elks and Legion pretty fast.

The Legion lads, now in the cellar, have been pretty unlucky. Twice this season they have just about beaten the leading Lions gang, only to see victory vanish, with a tie and a loss their unhappy lot. Last Sunday they lost to the Lions, 18 to 19. In fact Lions might be just a little on the lucky side, as Elks almost beat them last week, but bowed out to the tune of six to five.

Rotary posted two lopsided wins last week, 24-9 over Legion and a whopping 23-3 over the Elks youngsters. It will be interesting to see Lions play Rotary, when each team's star pitcher is on the mound.

The Lions - Legion game, last Sunday - in which 37 runs on 18 hits were produced - saw the season's first Little League home run, Lions' pitcher Harley Hatfield was the fellow who did it, a great big smash of over 200 feet.

The following league standings might not indicate very much as the Little League season has only just started. The listing is just for the record:

	W	Tie	L	Pct.
Lions	3	1	0	.875
Rotary	3	0	1	.750
Elks	1	0	3	.250
Legion	0	1	3	.125

Finance Indoor
Pool From Parks
Board Surplus?

The \$7,000 that the Parks Board "has but cannot spend," as reported in a recent issue of the Herald, would be well spent on an indoor swimming pool, in the opinion of one reader.

The reader with eyes on that tidy bundle of greenbacks, a lady who requested her name be withheld, suggests that an indoor swimming pool would be beneficial not only to our youth as a needed "do sport" but also a valuable addition to the tourist attractions of this city.

She mentioned the indoor pool at Victoria as a pattern of what might be accomplished here. In her opinion there are not sufficient pastimes for young people in Penticton at the same time, acknowledging "the many spectator events" and criticized the number of young people lounging in cafes during the evenings.

The reader, recognizing the fact that the "sunny Okanagan" is not always so sunny, believes that an indoor tank would eliminate those stay-in-your-tourist-cabin and be miserable blues when the weather is uncomfortable. And how to finance it? Take the \$7,000 surplus of the Parks Board's operation this year, the surplus in the years coming, and surely within six to eight years there would be such a sizable sum that this could become a reality.

What do you think?

Farm Clubs To
Little Leaguers
Need More Players

Future Little Leaguers are still needed. There are openings for about 15 more players in the Kinsmen sponsored Farm League. These are the boys who will have first option of making the Little League teams next season.

Coaches and managers are still needed badly. Any adult wishing to help will be welcome at the practice.

The Little League Farm Teams to commence play next Saturday, 2 p.m.

OMIOLES - Coach: Bill McAdam; George Bront, Ray Troyer, Phillip Bondoroff, Jordan Ellis, Bobby Giddy, John Wall, Derryl White, Doug Hutchison, Alan Hart, Ken Lawson, Dale Halerow.

CARDINALS - Coach: Tony Bach, Blake Joiner, Jim Muschik, Alan Jenkins, David McCready, Pat Stapleton, Blaine McIvor, Mark Gibbs, Terry Sharp, Larry Holman, Brian Fisher, Ken Rowe.

BLUE JAYS - Coach: Ted McDermott, Fred Lowe, Bill Thomas, David McDermott, Gordon Vatter, Ron Harper, Steve Kinsey, John Pinter, Frank Lyons, Owen Anthony, Conky Rayner.

A's Play Vital
Game Here July 7

Summerland will be here July 7 for an important baseball game. The west shore boys are a win-hungry lot these days having won only two out of their first 12 starts. They suddenly came to life last week, though, knocking the Princeton team out of fifth place with a 4-2 win.

Penticton must win against the lower place teams or fall way out of first place. Only one full game separates first place in the OMBL (currently Penticton's spot) from fourth. These teams are hunched on the top rung of the ladder.

The Athletics are short of muscle on the mound. This factor, plus Summerland's desperate need to win a few, makes next Wednesday's game at King's Park a pretty crucial affair.

Rev. A. R. Eagles Appointed Canon

Reverend A. R. Eagles, rector of St. Saviour's Anglican Church, was one of three new canons appointed at the 1954 synod of the Anglican Diocese of Kootenay held last week in Trail.

Penticton was chosen as site for the 1955 synod.

Readjustment of boundaries was recommended at the meeting. The diocese presently extends from the Okanagan to the B.C.-Alberta boundary and north to the main line of the CPR.

Rt. Rev. W. F. Barfoot, primate of Anglican churches in Canada, in an address emphasized the need for lay members to pass their faith on to others.

Two species of walnut trees are known in Canada, both growing in southern Ontario.

Russian Language Gospel Meeting At Holiness Mission

A Russian-language gospel meeting was held last Wednesday evening in the Bible Holiness Mission, Rev. Y. Kudenchok of Sacramento, California, and the Rev. S. Dechenko of Vancouver, were guest speakers.

The speakers were introduced by J. Koleada. Rev. Kudenchok mentioned, in the course of his message, of his experiences with the Gestapo in Germany. He spoke of how the term "fire" is used and applied in the Scriptures, and emphasized the need for wholehearted zealous Christians.

The speakers also visited Vernon for a convention there, and left from Penticton for Grand Forks.

Next Tuesday evening, Mrs. C. Buckley, who has spent 27 years in the Congo, will tell of the recent spiritual awakening there, and will show slides of the work.

Mrs. Buckley is a missionary of the World Evangelization Crusade, and was privileged in her early years to have personally worked with its well-known founder, C. T. Studd.

St. Andrew's Club Prepares Opening For Camp Sorec

SUMMERLAND—Members of St. Andrew's Service Club will assist in preparing for the opening of Camp Sorec at Trout Creek, which popular spot is booked for the summer months as usual. Dishes will be washed and other things put in readiness for campers. This was decided at the meeting in the church hall.

Rev. C. O. Richmond was the speaker, taking as his subject, "What can we expect of a group of women in the Church?" He said that such groups develop within the Church to further the aims of the local congregation and the church as a whole. They should assist the individual, he said, in finding a type of service best suited to her capabilities under the fellowship and jurisdiction of the church. In this way he thought the spiritual life of the church and of the individual should be recognized and stimulated by a common interest in its problems and welfare.

Mrs. Marvin Henker took the devotional period with the topic, "Stewardship."

Mrs. A. J. McKenzie reported 100 pounds of clothing sent to Korea, and Mrs. George Washington gave a short report of the recent presbytery meeting.

The club is adjourning for the summer months, after deciding to hold the usual Thanksgiving supper, to be convened by Mrs. Colin Campbell. Members were asked to bring gifts for the Girls' Home of the United Church at Burnaby to the September meeting.

KEREMEOS—The year's activities for students of grade twelve of Similkameen Junior-Senior high school came to an end last Wednesday when, commencing with the annual banquet at which students of grade eleven and members of the South Similkameen Parent-Teacher Association were joint hosts, the graduating class of 18 was honored.

Mrs. C. G. Weller, past president of P.T.A., convened the banquet at which, in addition to members of class '54 and their parents, were present members of the staff, E. E. Hyndman, inspector of schools, and Mrs. Hyndman, members of the Board of School Trustees of School District No. 16, R. B. Sheridan, secretary of the board and Mrs. Sheridan, Mrs. C. G. Weller, president of P.T.A., and Miss Mary Weller, representative of grade eleven, and the Public Health Nurse, Miss Helen Pyne. Absent was Miss Ruby Schaefer from whom a congratulatory telegram was received containing good wishes to the guests of honor.

Miss Dianne Neal was valedictorian. In a well delivered address she spoke of the years in which she and her fellow graduates had studied and played together and she compared the evening to the closing of the door of childhood, with its joys and sorrows and the opening of the door to manhood and womanhood with its opportunities and responsibilities.

Miss Neal reviewed parts of her own school life as a counterpart of most young people and in closing pledged the class to acceptance of the responsibilities of a difficult and perplexed world and the maintenance of a standard set by those who have gone before.

F. C. McCague, high school principal, was toastmaster for the evening. Toast to the P.T.A. was proposed by Margarette Bernard and responded to by Mrs. C. G. Weller; the Board of School Trustees of District No. 16 by Carl Lafroth and responded to by J. S. Sykes, chairman; the staff by Gerald Townsend and responded to by G. Percy; the parents by Beverly Boulton and responded to by Mrs. C. M. Harris; the graduating class by Mary Weller, with the reply by William Percy.

Miss Shirley Harris presented the class history and Mike Beausoleil was responsible for the class prophecy. Inspector E. E. Hyndman, following a brief address, presented certificates to members of Class '54.

Following is the list of the graduates: Mike Beausoleil, Margarette Bernard, Beverly Boulton, Shirley Coad, Herman Forner, Curtis Fox, Shirley Harris, Janice Keith, Carl Lafroth, William McInnes, Gwendolyn McGinley, Dianne Neal, Eugene Overton, William Percy, Robert Quaedvlieg, Shirley Sayers, Pearl Schmunk and Gerald Townsend.

Penticton's "Esquires" supplied the music for the enjoyable dance which wound up the evening. Friends of the graduates and of the staff were invited guests. During the supper intermission Miss Mary Weller sang a pleasing solo and the "grads" were the recipients of scholastic caps following an introduction to those present.

Local Kiwanis Club Hears Of Big Convention

Nick Solly, president of the Summerland Kiwanis club, was guest speaker at the regular Tuesday noon luncheon and gave Kiwanians a word picture of his trip to the Kiwanis international convention.

The international meeting of Kiwanians took place in Miami this year, in the early part of May. Mr. Solly travelled with four other delegates from B.C., forming part of the contingent representing the Pacific Northwest.

The convention was a large affair, which attracted 11,000 delegates to the Florida vacation spot, and Mr. Solly remarked on the efficient organization of the convention.

A top boxing attraction is scheduled for Vancouver's Calister park on the evening of July 22. Canadian heavyweight champ Earl Wallis fights South American champion Edgardo Romero in this 10 rounder.

The Dawn family have been on the dark continent before. Originally from Delburne, Alberta, they make their headquarters at Preston, Wash., when on this continent.

Although he receives no salary, Mr. Dawn is dedicated to his work and lives by "trust".

The eternal battle against nature impresses the Dawns more than anything else about the Belgian Congo. There is a constant struggle against malaria and other tropical diseases. Particularly aggravating and dangerous is the tsetse fly, carrier of the deadly sleeping sickness.

The Dawn family left Penticton Friday and will go to Africa via New York.

The natural man receiveth not the things of the Spirit of God; for they are foolishness unto him; neither can he know them, because they are spiritually discerned.—1 Cor. 2:14.

Question Box

A Public Education Service of
THE HEALTH LEAGUE OF CANADA
111 Avenue Road, Toronto 5;
In co-operation with this newspaper.

All questions submitted are answered anonymously by members of the medical advisory board or special technical sections of the HEALTH LEAGUE.

"What is so rare as a day in June?"

June is a magical month for youngsters. For mothers it falls short of magical. It's the time when Junior and Sis hear adventure calling over the lazy green hills. It's a special sort of adventure that for some reason or other has to be approached barefoot through poison ivy and shirtless through swarms of yellow jackets under a blistering sun. Somewhere at the end of it there's a dip in good ol' Typhoid Pond or quaint ol' Iceberg Brook.

Poor mother has to make the decisions. If she puts her foot down she is Mrs. Simon Legree and the target of hurt, rebellious glances. If she is easy-going she finds herself in charge of a miniature hospital ward, surrounded by doctors and druggists who eventually have to be paid.

It is time for delicate diplomacy. A certain amount of adventure and risk-taking belongs in a child's life. If the world were a hothouse it would be all right for children to grow up as hothouse plants, but the world is not. On the other hand, a child can overdo this adventure business and not grow up at all. Here's a typical June problem: "I have two children, ages

seven and eight, who seem more like walrus than children. They can swim around happily for hours in Lake Ontario when the water is so cold it takes my breath away. I try to be game and keep up with them but when my teeth begin to chatter I call them out. They act as though I were an ogre, but it seems to me that when the cold becomes too much for me it cannot be doing the children any good. Is there any sort of rule about how long children should be allowed to swim, and how warm should the water be?"

Answer: In connection with allowing children to swim long periods of time, especially in Lake Ontario, I think one has to be a disciplinarian here, as with every other control placed on children. Various people have different responses to cold. Some very fat individuals can stay in the water for long periods of time without feeling cold, whereas the thin, wiry type of child gets very cold and blue after a short time in cold water. There is no definite rule about how long children should be allowed to swim in water but I should say that one half to one hour would certainly be long enough and much shorter periods would be advisable.

BIG POSTER CONTEST FOR KIDS SPONSORED BY PENTICTON SPCA

Attention 10 to 12 year-olds! The SPCA is holding its big poster contest for the Penticton district. And there isn't much time left as all entries must be in not later than July 31.

Prize for the best poster will be \$10, with second and third prizes of \$5 and \$2 respectively.

Poster contest rules are as follows:

1) All entries must be packed flat and reach the office of Lloyd Reade, 184 Main Street, in Penticton, by July 31.

2) All posters must be 12" x 18" in size.

3) Medium to be used must be either water color, crayon or pen and ink.

4) The idea expressed on the poster need not have any accompanying wording. If it seems necessary, a brief explanation of the idea can be written on the back of the poster. Alternately, printing on the poster face is allowed.

5) Entries will be judged as to creativeness and interpretation of the idea.

6) Contestants are advised not to make copies of existing posters. A copy will not be judged a winner regardless of how well it is done.

7) The SPCA regrets that it cannot return posters submitted due to limited office staff and space. All entries become the property of the society.

8) Name, age and address of the contestants must appear on the back of the poster.

Further information may be acquired by contacting Mrs. J. B. McLean, 989 Kilwinning St. (Phone 3427).

Prize winners will be notified on August 7.

Gathering Suggested For Fruit Growers

Summerland Experimental Station will play host to Penticton growers and their families if suggestions of local BCFGA executive materialize.

Plans were put forward at Monday night's meeting of Penticton BCFGA and the executive was instructed to go ahead, with date of the event to be made known by circular letter.

"It would be a combination of business and pleasure," stated Avery King, president, "because of its social aspects and business due to presence of men from the farm to answer questions."

OF CABBAGES And KINGS

by Vince Duggan

GOSSIP

Did you hear about a get-together the staff of a local business establishment had on a recent night? Here's the gen: they wined, dined, danced, etc., and also had a bit of a beach party. Choosing a secluded spot at Skaha Lake, they continued the evening's festivities with a mid-night swim.

Only reason this bit of society news rates a few lines here is because these water nymphs and their male counterparts went swimming in even less than Bikinis. As a matter of fact they took the late hour, moonlight dip dressed in nothing less than their birthday suits.

SOCCER NOTES

"Penticton is becoming quite a sport town, I see where they are organizing a soccer team," a fellow remarked to me the other day. Well, I did a little digging and found out that this valley boasted quite a soccer league close to 30 years ago. Information came from a couple of old-timers, Bill McQuistin and Bill Munro. McQuistin, also known as "McTwaddle" and "McCracken" helped organize the team here. "What position did you play?" I asked him. "Left out side," quipped Munro. Anyway, they went on to tell of soccer in those days and although it never caught on too well in Penticton it was a deadly serious game. For example, one day at Naramata a fan was deriding one of the player's efforts, unaware that the man's mother was standing nearby. She socked him and knocked him down. The community of Blakeburn fielded a team, composed of rough and ready Scottish miners whose only theme was "get out and win." Games in Penticton were played at Queen's Park. One of the players had the apt name of Bobby Burns. And here are some others that should revive a memory for some of you: Bill Reeves, Red Godber (no relation to sports-pourri), Ernie Douglas, a Mr. Robertson, Jack Dunn, Jimmy Burt, Ronnie Gibb, a Mr. Hudson (photographer), Bill "Alexander" Wilson, Cliff Nettleton, Ted Nagle, Harry Garner, Jim Whitehead, Jack Croucher, Alex Tavendale and Alf Preen.

SEQUEL

Battle of the Amazons continues. That next door neighbor's feud between two Penticton women we told you about last week threatens to outlast the Martin-Coy struggle. Since the court case a sort of cold war has developed. This is what happened, with the two combatants continuing to be identified as Greece and Ireland, respectively. One of Greece's neighbors (not Ireland) had a birthday party for her little son and invited the boys, but not the girls. So Greece asked the ladies to her yard, mixed them up some "freshie" and touched a match to a pile of dried-up weeds for their amusement. Later, she bundled the youngsters into a car and took them for a ride. Returning home from her "good deed" of fire, she was greeted by the fire chief who had just finished putting down the smoldering embers. Here's the 64-dollar question: Was it Ireland who telephoned the fire hall to inform them of a hazardous blaze being left next door and asked the chief, "does Greece have a fire permit?"

STOP, LOOK, LISTEN

There were two accidents, bang-bang, at Winnipeg and Eckhardt the other day. First one involved four elderly Seattle ladies travelling east on Eckhardt and a man going south on Winnipeg. The impact tossed one of the vehicles against a stop sign and toppled it over. While this mess was in the process of being cleaned up, a city truck was called to repair the sign. It was heading west on Eckhardt when a car came along from the north on Winnipeg and, naturally, with the sign knocked over failed to stop. The truck swerved to avoid collision but was hit amidships by the car and toppled over. There's another strange little twist to this story. Police ruled a quizzical eyebrow when they

LITTLE TODINE

by JIMMY BATELO

No Blame Attached In Motorcycle Death

Accidental death with no blame attached to anyone was the coroner's jury verdict of last Thursday, inquiring into the fatal motorcycle accident which took the life of George Finch, 24-year-old railwayman.

Finch was riding a borrowed motor cycle on Vancouver avenue when the mishap occurred, June 17.

Police evidence at the inquest said the vehicle apparently hit a mound of dirt. Finch's body was thrown 58 feet in one direction and the motorcycle skidded 83 feet the other way.

Finch died in hospital from brain injuries and a fractured skull.

Large Crowd Attends Massed Band Concert

SUMMERLAND — In spite of the rather chilly weather a large crowd attended the massed band concert held on the lawn at the Experimental Station on Sunday afternoon.

Musicians were present from Salmon Arm, Enderby, Armstrong, Vernon, Kelowna, Penticton and Summerland, and played as individual groups and in massed form to the delight of the audience.

Herb Pohlman, Summerland's senior bandmaster, and his wife greeted those who came and the Summerland band included some of the members of the school band.

discovered that the Seattle woman's driver's license, phone and house numbers were all identical.

QUICK RESULTS

Less than two hours after the article about his museum appeared in last week's Herald, Reg Atkinson informs me, he had a visit from C. W. Howell, of The Dalles, Oregon, who operates a museum known as "House of Stone Pictures" and was holidaying here. Mr. Howell's exhibits are in picture form, entered in frames. "He was almost speechless when he saw the relics," Reg relates, "and he gave me some good tips on a sort of double glass display."

PESSIMIST

Ever hear about the chap with a horrid green thumb who had a hunch the weather would be bad this year and saved the garden seed packages figuring they'd be just about the right size to store his crop in?

COUNT ME OUT

Notice came around today concerning the annual staff picnic—Fun! Prizes! Eats! Misery! —and while the dreaded date is still some days off I already have the look of the weasel about me. There must be a wonderful market for a book entitled "How To Get Out of Going: A Glossary of 100,000 Excuses for Avoiding Staff Picnics." And I am just the mean old man to write it.

I hate staff picnics. There! I've said it! I am not loyal to the old gang. I do not have the old spirit. I do not represent the Editorial Department in the annual softball game.

What's more, I do not head up the refreshment committee or start the sack race for ladies, 50 years or over. I firmly believe that ladies 50 years or over are fools to go to staff picnics, and that staff picnics, themselves, like the rack and the Chinese water torture device should be outlawed forever.

I speak as a man who once thought he heard the call to duty every time the staff picnic came around and attended them for years as a kind of moral obligation. Then, with the hardening of the arteries and the hardening of the heart that came with the advancing years, I began to find Ways of Not Going.

The instant the notice comes around my cheerful face is contorted by the ligaments of low animal cunning.

Isn't that I haven't a fine, splendid feeling of loyalty to the old firm. Why, bless my soul, I love the old firm like I love my rock and rye. Would gladly lay down my life for it. But not in a potato race or on the flaming ant hill known as Picnic Ground No. 2.

When I go into the office I'm proud to be associated with the thousands of beautiful young girls in their crisp middie-ies and with their hair done up in buns. I like to crowd into the elevators with them and sipper at them in the coffee hour.

But something dies inside me when I see them out there on Picnic Ground No. 2 in their too-tight bathing suits, nuzzling their callow boy friends.

I have a bottomless pit of respect for the executives and walking down the corridors, I like to peek in and see them behind their desks, keen-looking men in well-tailored suits making tremendous decisions.

But my respect turns to loathing when I see them out there on the hot baseball diamond or knotting their tiny muscles in a tug-of-war contest, mad with a terrible heartiness that's worn like a badge.

I am pouring all this out, I suppose, because of a guilt complex.

As it is with every firm we, too, have those born organizers whose life-long crusade is to make us all one big happy family, an accomplishment they firmly believe can be produced by placing us in close proximity under a livid sun, feeding us limp sandwiches of tomatoes, ants and sand, and leading us in the singing of "Seeing Nellie Home".

You cannot argue with these fellows.

You cannot explain to them rationally that your little children will howl all day like banshees, that your wife becomes violently ill on the boat, that you are morose in any group numbering more than four, that you have been on dozens of picnics and sworn solemnly each time you'd never be trapped again.

They look at you strangely, their bluff, extroverted geniality dying before your eyes, and you see the look of naked contempt.

NEW PROOF THAT MILLIONS CAN END THE NEED FOR LAXATIVES

—find relief from constipation this
safe, natural way—without the injurious
effects of repeated laxative use.

With all the progress of medical
science over the past 30 years, au-
thorities say there is no longer any
reason why irregularity should be
our most widespread human malady.

Nor is there any reason for de-
veloping the *habitual* use of harsh
laxatives—of doing with one prepa-
ration after another in the vain
hope of finding, in some potion or
pill, the "secret" of lasting relief.

Long-continued study of the problem
has shown that one of the most
common causes of irregularity is
lack of bulk in the diet. And when
this is the case, the common-sense
correction is to be found not in the
drug store but in your food store!

IT HAS LONG BEEN A MEDIC-
ALLY RECOGNIZED FACT
THAT NATURE HAS PRO-
VIDED, IN THE NATURAL
FOODS MEN WERE INTENDED
TO EAT, ALL THE ELEMENTS
NECESSARY FOR THE LIFE-
LONG AVOIDANCE OF CHRONIC
CONSTIPATION.

One of these elements is natural
fibrous bulk, or vegetable cellulose,
which normally and naturally aids
the rhythmic process of elimination.

In no natural food is this natural
bulk so ideally found as in the outer
layers, or bran, of the whole wheat
kernel which, as you know, is lost
in modern milling.

Because of the known value of bran
in promoting regularity, the Kellogg
Company has produced a complete,
whole bran—with nothing taken
away to lessen its effectiveness—
sold under the name of Kellogg's
All-Bran, the natural laxative cereal.
How effective is All-Bran? This has

been demonstrated in a series of
systematic clinical studies reported
in leading medical journals.

In one study, 135 people with
known delayed bowel function were
given one ounce of All-Bran daily for
one week. They were studied
clinically and with X-ray with tests
made before, during and after they
ate the All-Bran.

OF THE 135 PEOPLE, 107
SHOWED DEFINITE CLINICAL
IMPROVEMENT, IN JUST 2
DAYS.

IN A FOLLOW-UP STUDY,
BETTER THAN 6 OUT OF
EVERY 7 PATIENTS WHO
WERE GIVEN ALL-BRAN
IMPROVED.

The greatest advantage of All-Bran
is that it corrects the cause of
irregularity due to insufficient bulk.
Chemical or drug-type laxatives, on
the other hand, are intended only
for overnight relief of a temporary
stoppage.

When people use these products
habitually—in a way that laxative
makers never intended—they pun-
ish their digestive system in a way
that nature never intended. Instead
of correcting the cause, they often
actually make their condition worse.

If you think you must take a laxa-
tive preparation occasionally, do so.
But do it wisely. Read the instruc-
tions completely. AVOID EXCESSIVE
USAGE. But for natural and
lasting relief put your trust in nature.
Just eat daily a one-ounce serving of
All-Bran for breakfast and drink
plenty of water.

This All-Bran plan has helped mil-
lions to re-establish and to maintain
healthful regularity. Why not yours?

Kellogg's
the natural laxative cereal

The Women's World

St. Andrew's Federation, Summerland, To Sew For Girls' Home At Burnaby

SUMMERLAND—Forty-eight
ladies attended the meeting of St.
Andrew's Federation on June 17
in the church hall. This was the
last meeting before the summer
recess.

Taking the theme, "Your Fam-
ily and the World", Mrs. H. E.
Mahr, assisted by Mrs. Melvin Pol-
lock, led the devotional time. As
a fitting end to this service of
worship, Mrs. Flor Bergstrom
sang, "Just For Today", with
Mrs. Delmar Dunham, accom-
panist.

Mrs. W. R. Powell, supply sec-
retary, spoke on the value of the
monthly parcels which are being
sent to Korea, and of the gener-
ous gifts of money and packaged
food to be sent during the holi-
days.

Three quilts have been finish-
ed and will be forwarded to the
Burnaby United Church Home for
Girls. Mrs. Wallace Boothe read
an interesting letter from the
matron of the home, and on Mrs.
Boothe's suggestion, it was decid-
ed to have as a summer project,
the making of suitable articles of
clothing as required there.

Mrs. Melvin Pollock was elected
as a delegate to attend the study
course for leaders to be held at
Naramata Training School, Aug-
ust 1-5.

With the president, Mrs. Rex
Chapman, as interrogator, an ex-
amination quiz was held on the
programs of the past six months.

Mrs. Myrtle Scott spoke on the
part radio is playing in religious
education at home and abroad,
telling of one broadcasting sta-
tion in Japan and two in Latin
America maintained by inter-
denominational organizations.

After the meeting closed deli-
cious refreshments were served
by hostesses for the month, Mrs.
J. Lazenby, Mrs. M. Laidlaw and
Mrs. A. McLachlan.

Pretty toppings to dark cos-
tumes are the pastel, flower-
trimmed hats seen about town
just now. Medium pink velvet,
softly draped, makes a neat little
hat, the rippled brim split at the
back, where it is filled in, with
a cluster of deeper pink velvet
roses, tied with green velvet rib-
bon.

The Recipe Corner

BERRY CREAM TORTE

3 egg whites
3/4 teaspoon baking powder
1/2 teaspoon salt
1 teaspoon vanilla
1 teaspoon vinegar
1 teaspoon water
1 cup sugar, sifted
1/2 cup vanilla ice cream
1 1/2 cups sweetened fresh, frozen
or canned berries
1/2 cup whipping cream, whipped
Put egg whites on large platter,
add baking powder and salt.
Combine vanilla, vinegar and
water.

Whip egg whites with a wire
whip until very stiff. Add sugar
very slowly, 1/2 teaspoon at a
time, alternately with a few drops
of the combined liquids.

Beat constantly. Continue to
beat meringue for several min-
utes after all ingredients have
been added.

Heap meringue on lightly but-
tered glass plate. With spatula,
shape into pie shell with a wide,
high edge.

Bake in slow oven (275 deg. F.)
for 1 hour or longer. Cool.

When ready to serve, spread
ice cream on bottom of shell, then
cover with berries and top with
sweetened whipped cream.

Note—When using electric
mixer for meringue combine all
ingredients except sugar. Beat un-
til stiff, then add sugar gradually.

REFRIGERATOR PINEAPPLE CHEESE CAKE

10 to 12 Servings
1 1/2 cups graham cracker crumbs
lightly packed
1/4 cup sugar
1/2 cup melted butter
2 envelopes unflavored gelatine
1/2 cup cold water
3 egg yolks
1 cup sugar
1/2 cup milk
dash of salt
4 cups cottage cheese
1 1/2 teaspoons lemon juice
3 egg whites, stiffly beaten
1 cup whipping cream, whipped
1 cup drained crushed
pineapple

METHOD

1. Combine cracker crumbs
and sugar, blend in butter. (Re-
serve 1/2 cup for topping).
2. Press remaining mixture
evenly on side and bottom of but-
tered 10" angel food pan, pre-
ferably with removable bottom.

3. Sprinkle gelatine over cold
water. Let stand until softened
(about 5 minutes).

4. Beat egg yolks slightly in
top of double boiler. Add sugar
gradually, beating well with ro-
tary beater. Stir in milk and
salt.

5. Cook over boiling water,
stirring constantly, until slight-
ly thickened (custard will coat
spoon).

6. Stir in gelatine until dis-
solved. Cool slightly.

7. Press cottage cheese
through a sieve or beat with elec-
tric mixer until smooth. Add
lemon rind and juice, mix well.

8. Add slightly cooled custard
mixture, beating until thorough-
ly blended. Let cool until thick-
ened and partially set. Beat with
beater until light and foamy.

9. Fold in egg whites, cream
and pineapple. Pour into crumb
lined angel food pan.

10. Sprinkle top of cake with
reserved crumbs. Chill in refrig-
erator 2 or 3 hours until set.

Lawn Tea Party By Auxiliary To Trainmen Here

The members of the Ladies'
Auxiliary to the Brotherhood of
Railroad Trainmen were hostess-
es at a very successful lawn tea
party held last Wednesday after-
noon at the home of Mrs. G. M.
Clark, Scott Road. Mrs. George
Lampard was general convener
of the tea, assisted by many cap-
able committee members.

Floral decorations favoring
blooms in red and white with
greenery, the auxiliary colors,
were used in profusion on the
small tea tables and the centre
table where blending colored
tapers complemented the arrange-
ments. Presiding during the tea
hours were Mrs. Frank Williams
and Mrs. Ernest Dunham, both
charter members of the L.A.

Mrs. Earl Hughes, president of
the organization, arranged the
floral decorations and later wel-
comed the tea guests as they ar-
rived.

Homecoming was one of the
featured attractions of the affair
and was sold under the supervi-
sion of Mrs. N. E. McCallum and
Mrs. R. W. Geldreich while the
decorated cake raffle was under
the direction of Mrs. Eric Daldock,
who had made and donated it.

The Wedding Cake is as important to the wedding as the bride
and groom. This creation, a pyramid in snowy white, may be
made by any good cake-maker who enjoys decorating cakes.

Rich Wedding Cake
One lb. butter, 3 1/2 cups
sugar, 16 eggs, well-beaten, 4
lbs. raisins, chopped, 5 lbs. cur-
rants, 1 lb. citron, cut fine, 1
lb. almonds, blanched, 9 cups
flour, 2 tps. grated nutmeg, 1
cup grape juice, 1/2 tsp. grated
lemon rind, 1 cup glazed
cherries.
Wash raisins and currants,
dry thoroughly and chop.
Blanch almonds and split. Mix
fruit with nuts with part of
flour so that each piece is well
coated with flour. Cream but-
ter, add sugar, gradually, and
well-beaten eggs. Sift spices
with remaining flour and add
alternately to butter mixture
with fruit juice. Add fruits.
Pour into prepared pans of
graduating size lined with
three layers of newspaper and
a top layer of waxed paper.
Bake at 275 degrees F. until
firm and sizzling has ceased.
Cool on rack. Makes 3 cakes, 1
large, 1 medium and 1 small,
or 3 cakes 8 x 8 x 3 1/2 inches,
or 4 loaf pan cakes.

Snowy Cream Frosting
One and a half cups shorten-
ing, 2 lbs. (6 1/2 cups) sifted
confectioner's sugar, 3/4 cup
milk, 2 tps. salt, 1 tsp.
vanilla.
Combine all ingredients in
large bowl. Beat until smooth
and creamy. If made with a
hand beater, beat shortening
first, then alternate additions
of milk and sugar. Beat in salt
and vanilla. Thorough beating
overcomes raw taste of sugar.

Ornamental Frosting
Nine eggs white, unbeaten,
3 lbs. (10 cups) sifted confec-
tioner's sugar, 1 1/2 tps. powd-
ered sugar, 2 tps. vanilla.
Combine all ingredients in
large bowl. Beat until stiff
enough so peaks are rigid or
until frosting will not flow. An
electric beater makes light
work of this. If a wire whisk
or rotary hand beater are used,
it may be easier to make 1-3
of this amount at a time using
3 egg whites, 1 pound of sugar,
etc.

Working With The Red Cross

ROTARY RED CROSS SWIM CLASSES

The Rotary Red Cross Swim
classes get underway on Monday,
July 5, under the leadership of
Mrs. Harold Donald.

Children from the ages of 6
to 16 have a wonderful opportu-
nity to learn to swim or improve
their present style under the
watchful eye of Mrs. Donald and
her qualified instructors—Miss
Sandra Cardinall, Chole Car-
dinal, Kay Owens and Norman
Tribe.

The classes are held 6 days a
week throughout the summer
months with each pupil getting
3 days a week training. There is
no charge made to the children
or parents for this service. The
Rotary Club finances the cost of
the instructors and the Red Cross
trains the instructors and takes
charge of examinations when chil-
dren are ready for tests.

Who is eligible to join these
classes? Any child of Penticton
and district including any visitor
to this city, even if only for a
week or two. Classes are held at
both lakes.

Jim Brittain is the hard work-
ing chairman of the Rotary swim
committee.

Mrs. Donald, when asked for
comment on "this great project
of Rotary and Red Cross stated,
"We are always glad to welcome
boys and girls to our classes."

Contributing she said "We have 650
enrolled now which should pro-
vide some competition—there
is lots of water in British Colum-
bia, so every person should be
able to swim, it isn't enough to

know a few strokes and then stop
learning, we must become strong
swimmers thus helping ourselves
and others to safety."

The hand of Rotary and Red
Cross joined together make this
a very commendable public ser-
vice.

The work room of the Pentic-
ton Red Cross will remain open
for the month of July and will
welcome any worker able to at-
tend the Friday sessions.

You can remove rain spots
from suede shoes by rubbing
them lightly with an emery
board, the kind you use for fil-
ing your nails.

Summerland And Regina Interest In Rites Here

SUMMERLAND—St. Andrew's
Presbyterian Church, Penticton,
was the setting on June 19, at
2:30 p.m. for the marriage of
Marion Louise Thomson Martin,
elder daughter of the late Mr.
and Mrs. J. D. Martin, of Regina,
and Donald John MacDonald, el-
der son of Mr. and Mrs. S. A. Mac-
Donald, of West Summerland.
Rev. Samuel McGladdery officiated
at the ceremony.

The bride's ballerina length
gown of white satin brocade was
styled in an off-the-shoulder ef-
fect with bouffant skirt. She wore
a small white cloche of pineapple
straw, and pink roses, white car-
nations and stephanotis made up
her bridal bouquet.

Mrs. E. J. Foot, of East Kel-
owna, who attended her sister,
wore blue satin brocade in a
frock styled similarly to that of
the bride. Her headpiece matched
her gown and she carried pale
pink and white carnations and
white stephanotis.

The bride was given in mar-
riage by her brother-in-law, E. J.
Foot, of East Kelowna.

The groom's brother, A. D. Mac-
Donald, Penticton, was the best
man, and Dr. D. V. Fisher,
brother-in-law of the groom, was
the usher.

A reception following was held
at the home of the groom's par-
ents in Summerland, where Mrs.
MacDonald received the guests in
a silk suit of copper shade with
hat of lighter tone, and corsage
of cream roses.

E. O. Middleton, East Kelowna,
proposed the toast to the bride.

Following a honeymoon trip to
the Rockies, Mr. and Mrs. Mac-
Donald will reside in Vancouver.
For travelling the bride wore a
grey tailored suit with navy ac-
cessories.

Out-of-town guests included Mr.
and Mrs. E. O. Middleton, East
Kelowna; Mrs. W. J. Dow, Victo-
ria; Mrs. J. W. Dow, Creston;
and Mrs. T. W. Bundy, Vancouver.

The groom is a commerce gradu-
ate of the University of British
Columbia, and the bride was
graduated from University of Tor-
onto and has been with the Cana-
dian Arthritis and Rheumatism
Society, Vancouver branch.

Summerland Resident
Invited To Officiate
At Church Ceremony

SUMMERLAND—Mrs. G. J.
White, who will be 95 years of
age in two months, was asked to
lay the corner stone of the new
Baptist Church at Lethbridge, but
was unable to accept.

She would have enjoyed flying
there, but a change of "planes"
was necessary and it was thought
this might be too trying for her.

The original Baptist Church in
Lethbridge was started and built
under the pastorate of the late
Rev. G. J. C. White and Mrs.
White, and Mrs. White has a spe-
cial interest in the projects of
the congregation there. A while
ago the church burned and a new
one has been erected.

Even Beginners make delicious sparkling Jams and Jellies with Certo

IT'S THE QUICK, EASY, SHORT-BOIL WAY

RECIPE BOOKLET

under the label
of every bottle and in
every package. Each
type has special re-
cipe—these must be
followed—they are
not interchangeable.

WHAT CERTO IS—Certo is fruit pectin—the
natural jellifying substance in fruit—extracted
and refined to help you make delicious jams
and jellies quickly and easily.

SAVES TIME AND WORK—It takes only
15 minutes from the time your fruit is prepared
to make a whole batch with Certo. That's only
about a third the time needed for old, long-
boil recipes.

ONE-MINUTE BOIL—With Certo you need
only a ONE-MINUTE full, rolling boil. No more
long, tedious boiling and stirring over a hot
stove. It's so quick and easy.

50% MORE JAM OR JELLY—There's no
long "boiling down"—so hardly any precious
juice wastes away in steam. You average up to
50% more jam or jelly from the same amount
of fruit.

NATURAL, FRESH TASTE AND COLOR—
And the boil is too short to dull the fresh fruit
color or spoil the lovely natural, fresh-fruit
taste. They remain in your jam or jelly.

NO GUESSWORK—With Certo you get
kitchen-tested recipes that end all guesswork.
Follow the simple directions carefully and
you can be sure of delicious, sparkling jams
and jellies.

Sure Results in
1/3 the time. 50%
more from your
fruit!

Take your Pick
LIQUID or CRYSTALS

Certo in either form gives
equally good results

Only national park in the U.S. to enclose an entire mountain range is Big Bend, in Texas, which encloses the Chisos or Ghost mountains.

Horse-shoes by
TIFFANY'S

AROUND THE END of the last century, when aluminum was practically a precious metal, a famous racing stable had one of its thoroughbreds shod with racing plates of the weight-saving material. They were made at Tiffany's, the famous New York jewellers house.

Nowadays it is standard practice for race horses to run on aluminum shoes. Since the turn of the century the price of aluminum has been reduced to the point where it is now one of the most economical of all materials, extensively used for things like barns and boats and bus bodies. Aluminum Company of Canada, Ltd. (Alcan).

Summer Pipeline To Be Renovated

SUMMERLAND — Householders in Paradise Flat are pleased with Summerland municipal council's intention to renovate the summer pipeline and put in a new intake which will be efficient and adequate.

A screen will be put in where the main feeds the pipeline and the capacity increased.

Council meeting authorized motion of councillor H. R. J. Richards, chairman of water and irrigation to spend \$125 on this improvement.

QUEEN ELIZABETH rides sidesaddle on her docile mount Winston, reviewing the Coldstream Guards during the recent trooping of the color ceremony in London.

Keremeos Notes

KEREMEOS — While the attendance at the annual general meeting of the South Similkameen Parent-Teacher Association was not as large as it could have been, it proved to be one of considerable interest. Held here on June 21, it opened with a "Pot Luck" supper. Interesting reports were received from Mrs. W. E. Newstrom and Mrs. G. Schneider on the proposed new community health centre. The

pair represented the P.T.A. at the meeting called by the local health board to consider this project. The meeting voted unanimously in favor of supporting the project. Mrs. Schneider also reported on the recent meeting of the cancer unit and Mrs. V. Quaedvlieg submitted a report on the meeting of the historical society. The committee consisting of Mrs. C. G. Weller, Mrs. W. E. Newstrom, Mrs. W. F. Hare, Mrs. A. Davidson and Mrs. A. Davidson was chosen to consider the possibility of procuring some one to instruct in singing, music and dancing. The election of officers resulted in the following slate for the ensuing year, beginning in September: president, Mrs. Doug Parsons; vice-president, Mrs. W. F. Hare; secretary, Mrs. F. B. Tessman; treasurer, Mrs. G. V. Mattice; program, Mrs. S. S. Sykes; Mrs. W. F. Hare and Mrs. W. E. Newstrom; membership, Mrs. J. M. Clark; Mrs. W. E. Newstrom; refreshments, Mrs. C. Schneider; Mrs. L. L. Schejtz; Mrs. A. A. Davidson and Mrs. D. Spencers, Jr.; library, Mrs. V. Quaedvlieg; press, Mrs. J. L. Innis; oratorical committee, G. Piercy; Mrs. G. Arison, Mrs. F. Pflanz; health, Mrs. G. Schneider; Mrs. W. E. Newstrom.

Mr. and Mrs. L. A. Neal and their daughter, Miss Diane Neal, attended the wedding in Vancouver on June 19 of the late son, William G. Hamilton, to Miss Joyce Elizabeth Hamilton in St. Giles Anglican Church. The bride's maid was the groom's sister, Miss Joyce Christine Hamilton. A reception followed at the Devonshire Hotel.

Mark Roadhouse is recuperating at his home following a serious illness in Penticton Hospital.

Mrs. J. D. Innis spent a recent weekend visiting old friends in Vernon.

Many beautiful flowers and a large attendance at the funeral of the late Earle W. Dundas were tribute to the love and respect which he was held not only by friends locally but in other parts of the province. The service was conducted by Rev. Lutner from St. John's Anglican Church and interment was in the family plot in Keremeos Cemetery. Honorary pallbearers were Harvey Carmichael, J. C. Clarke, C. G. Goddson, E. C. Armstrong, Bob Parsons and F. C. Sarge; pallbearers were Eric Sadow, Bob Carleton, J. Brewer, L. S. Coleman, J. L. Innis and Bruce Graham.

Friends in the district have learned of the death in hospital at Everett, Wash., of Mrs. Lillian Keeler, widow of the late E. C. Keeler, many years in business in this district. Mrs. Keeler identified herself with the work of the Women's Institute, having been secretary and charter member of that organization when it was known as the Similkameen Women's Institute and when it contributed so much to the lives of women in a large and scattered community; she was also an active church member. The late Mrs. Keeler is survived by one son, one grandson and two great-granddaughters living in Washington.

Board Members Ask Red-Coated Mountie At Border Points,

Board of Trade passed a motion at their regular monthly meeting that the dominion government be asked to place a mounted constable member of the RCMP at the border crossing points between Canada and the United States.

This resulted after U. G. Jarby told of a recent meeting he attended at Prince George when this possibility arose. Information booths will be set up at Blaine, Osoyoos and Kingsgate.

"A mountie is stationed at Banff and all he does is pose for pictures," Mr. Jarby stated. "This is a tremendous attraction. It is a rather monotonous job, but it takes the services of a real, full-fledged mountie, not a dummy."

Dried Peach Pits Save Summerland Youth Centre Money On Fuel Bills

SUMMERLAND — A little-known by-product of the fruit industry has been tried with a great saving in the fuel bill. Dried peach pits are used to heat the Summerland Youth Centre. These pits are obtained from the Cornwall Cannery, and a big cement slab has been built on which to dry them. They have been an efficient and satisfactory source of heat it was reported at the annual meeting of the Youth Centre Association last Friday.

Art Crawford was elected chairman, taking over from F. E. Atkinson, who resigned after giving valuable service for the past few years.

Dr. D. V. Fisher was appointed as vice-chairman, Blair Underwood as secretary, and E. R. Butler, formerly secretary-treasurer, will continue in the latter office. Executive with power add to its numbers is composed of F. E. Atkinson, John Kitson, Leslie Gould, George Chadburn, Dr. D. J. McIntosh, Mrs. Art Crawford, Mrs. F. E. Atkinson, Mrs. Chester Reinertson, and Mrs. J. H. Dunsdon.

In 1949 the estimated value of the Youth Centre was \$3,000 and this year, due to the work done by the committee and generous donations from Summerland citizens, its value is put at \$18,000. A drinking fountain has been installed and a flag bought.

Tenders Called For New Kelowna Library

SUMMERLAND — Final plans for the new library building at Kelowna have been made and tenders are being called.

The new structure will house the Okanagan Regional library headquarters and the Kelowna city branch as well.

It is hoped all tenders will be in by July 19 and a meeting of the full board held on July 22, when further action will be authorized.

Research workers for an eastern U.S. manufacturer have developed a new rake said to handle hay so gently that nearly all the leaves remain on the stalks, thus increasing the "richness" of the feed.

Penticton Woman Buried At Coast

Resident of Penticton for the past seven years, Mrs. Alice Lindsay Goochman passed away in Vancouver General Hospital last Wednesday.

Formerly of Shellmouth, Man., she was born at Russell in that province in 1883.

She leaves to mourn her loss her niece, Mrs. John Cunningham of Penticton, five sisters, Mrs. C. D. Joslin, England, Mrs. Mary Barrett-Linnard, Mrs. N. J. Bajus, Miss Margaret Roberts, all of Vancouver, Mrs. A. M. Pratt of Winnipeg; one brother, Leslie Roberts of Trail; 20 nephews and nieces.

Funeral services were held last Friday from Chapel of the Chimes, Rev. P. R. Ellis and Canon H. P. Barrett officiating.

Pallbearers were Archie Goodbun, Douglas Bajus, Russell and Charles de Ballinhart, interment at Ocean View Burial Park, Vancouver.

AGREE TO LEASE

Penticton city council has agreed to sign a lease for a water-lot off shore from the Skaha beach, the property being owned by the provincial government. This is essential to protect the beach, and, moreover, to prevent other use, such as the log booming ground that it was indicated one firm wanted to establish there.

BACKACHE May be Warning

Backache is often caused by lazy kidney action. When kidneys get out of order, excess acids and wastes remain in the system. Then backache, disturbed rest or that tired-out and heavy-headed feeling may soon follow. That's the time to take Dodo's Kidney Pills. Dodo's stimulate the kidneys to normal action. Then you feel better—sleep better—work better. Get Dodo's Kidney Pills now.

TCP breaks through the Power Barrier

TCP*, a Shell-discovered additive blended into Shell Premium Gasoline, neutralizes lead and carbon deposits, releasing captive power other fuels lock in. It's the greatest gasoline development in 31 years.

Before you've finished your second tankful, you'll feel your engine's had a tune-up.

If you're an average motorist, chances are you're losing up to 15% of the power your engine could deliver!

This power barrier is caused by accumulation of lead and carbon deposits in your engine's combustion chambers and on the tips of your spark plugs. Up to 15% of the power you should be getting is literally held captive.

When your engine is working hard, the deposits in your combustion chambers glow red hot—ignite the fuel charge before the piston reaches the proper firing position. Instead of working for you, power works against you. Moreover, your power drops off just when you need it most, in hill climbing or fast acceleration.

These lead and carbon deposits also build up on spark plugs causing them to short-circuit and misfire. Gasoline is wasted. Power you paid for is lost!

But now, with TCP, a Shell-discovered additive blended into Shell Premium Gasoline, you set free the captive power locked in by these deposits... actually break through the power barrier they build up!

With TCP, the deposits in the combustion chambers are "fireproofed" to stop pre-ignition. Power works for you, not against you. With TCP, deposits on spark plugs no longer cause misfiring. Moreover, with TCP you'll get up to 2½ times longer spark plug life.

Now—up to 15% more power

As a result, Shell Premium Gasoline with TCP gives you all the power you paid for—up to 15% more than you get now. In fact, before you've finished your second tankful you'll feel your engine has had a tune-up!

Shell Premium with TCP is the greatest gasoline development since the discovery of tetraethyl lead... and you can buy it only at your Shell dealer's. Buy a tankful today!

*Shell's trademark for this unique gasoline additive developed by Shell Research. Patent applied for.
